86TH YEAR -- NO. 39

32 PAGES IN 4 SECTIONS -- 15c

HONDO, MEDINA COUNTY, TEXAS 78861, THURSDAY, SEPTEMBER 26, 1974

Adult education plan is announced by Lynch

Word has been received by R. C. Lynch, Adult Evening Program Director, that state funding approval has been granted to operate

an adult evening carpentry program. Supt. Kenneth Flory and the Hondo Independent School District

trustees have given the "green light" to operate this program using available school facilities.

James M. Cogdell, consultant in the Vocational Industrial Division of the Texas Education Agency, has visited the Hondo Building Trades operation and is the recommending officer for establishing a similar program in carpentry for the adult evening division.

Persons interested in taking the carpentry course, which is to be taught on Tuesday and Thursday evenings, may register at 7:30 p.m. today (Thursday) in the Audio Visual Room of the Hondo High School. The course will consist of 130 hours of instruction.

Under the state provision, some enrollees may be eligible for free tuition to this course.

BY BURNIS K. LAWRENCE
PUBLISHER

THE LITTLE THINGS

... in life are what seem to upset my apple cart. The big ones I can handle fairly well, but those little ones, man do they get my dander up.

For instance, you work hard to print as much news as you can by going and taking a picture -- two really -- of a happening and then getting both in the paper.

And then two weeks later in comes someone griping because

"you never printed something [these two pictures] we gave you the time before."

Or, an organization occupies about half of the society section one week and the next week a member brings in a story she gripes because we didn't include everybody in the headline.

That old saying "you can't win for losing" sure holds true around these parts sometime.

OCTOBER 1

... is when many Hondo residents will find that already announced increase on their electric bill.

Electric System manager Gene Harrison says he doesn't expect consumers to "remain cool" exactly about the increase.

But he does hope they will remember that the October 1 billing will include a portion of "hot" August, for the meter

reading will cover from August 20-September 20.

"I know we've had some rainy and coolish days recently," he said, "but most of them did not fall in this billing date."

No one likes increased costs, but the energy crisis in our country has helped "push everything upward" and Hondo residents will again feel the effects of it on their electric bill.

THE PAUL BYBEES

... certainly received a rash of phone calls last week when a story appearing in the San Antonio papers said Larry Bybee had been knifed.

Everyone wanted to know if this man was their son, also named Larry. The answer, of course, was "no." They say their

Larry is well, happy and doing fine.

It seems this is only the most recent time the Hondo Larry Bybee has been mistaken for that "other Larry." However, both he and his parents certainly hope it is the last time.

TRUER WORDS WERE NEVER

... said than those recently written by Melvin Durslag, who writes a column for many papers throughout the country, with the San Antonio Light being the nearest to us.

He said: "...The whole point to life today isn't necessarily to do the right thing, but to see what maneuvers can be made to avoid it and still thrive."

"...the real excitement doesn't seem to lie in establishing the truth, but in creating barriers for those trying to establish it."

AND PRESIDENT FORD

... is doing about the same thing. Hiding the truth, that is. And spending tax money in the process.

He has come out with his amnesty plan, which stinks in my opinion. And he will spend millions setting up offices and special review committees for those who fled or deserted. In other words for those who thumbed their noses at their country.

But has he come out with a press conference to tell the American public that he recommends "cutting the funds for those veterans who did fight?" No, he hasn't publicly announced this. But it's true.

A Knight News Wire story had this to say about the President's latest "push" for the patriots of our country:

"President Ford asked Congress to cut back proposed improved educational benefits for Vietnam veterans by \$55 million as an anti-inflation measure."

"The White House did not call attention to Ford's new position on veterans' educational benefits. It was buried in a long 'shopping

list' of legislation the President sent to Capitol Hill ...

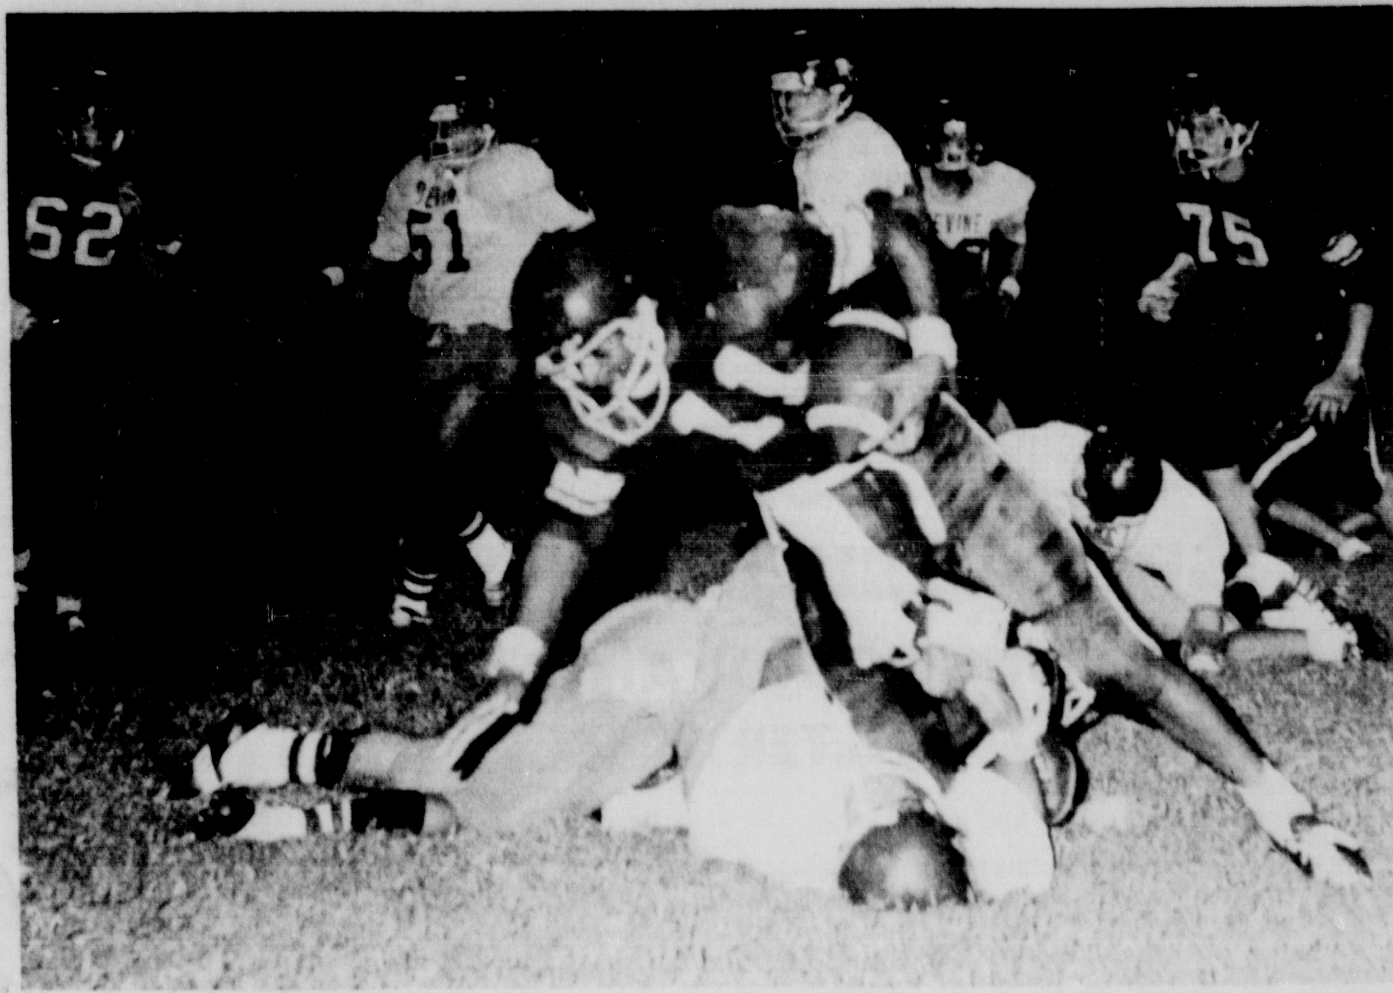

"It was Ford's second attempt in three weeks to slash proposed increases in benefits for Vietnam Veterans."

So, it goes on. Our President can stand up before millions in a television audience and let "his heart bleed" for what I call traitors, and then goes behind the door and tries to cut the throat of those who had the courage to fight.

He can stand up and feel sorry for a man whose brand of leadership brought about the blackest pages in our history, and in doing so cost the American public untold millions without worrying about it being inflationary. Ford can still recommend more money than the law allows for that man to "keep himself" out of our pockets and not call inflationary.

Yet, when it comes to improving the education of veterans, and improvement that in years to come will repay the United States tenfold, he has the gall to cut

*** Please Turn to Page 2

ROCKY ROAD... Owl Quarterback David Knowles [11] turned in a good performance Friday night in leading Hondo to a come-from-

behind 22-17 victory over the Devine Warhorses. In this fine action shot Terry Teague caught David on one of his gainers. At left

is Jim Jordan [62] and at right is Bruce Martin [75] both of whom turned in good defensive game.

New garbage dump site delayed again by state

Hondo residents must "wait a while longer" before having a new sanitary landfill area to dispose of their garbage.

This is the message contained in

a letter received by City Manager Fritz Leinweber from David L. Houston, P.E., chief of the solid waste branch, division of environmental engineering of the Texas

Department of Health.

The letter said in part:

"The City of Hondo proposal for the establishment of a solid waste disposal site at the subject location (a site on the far northwest corner of the Airbase properties) has been reviewed and evaluated by this department."

"The Texas State Board of Health adopted 'Municipal Solid Waste Regulations' on September 8, 1974, which will supersede the above mentioned 'Municipal Solid Waste Rules, Standards and Regulations' on October 16, 1974. The new regulations will provide for issuance of 'permits' instead of 'approvals' and also will require public hearings prior to the issuance of permits."

"You are advised that this public hearing, which will follow the issuance of due notice, might materially affect the approval hereinabove granted."

"This Department will contact you as soon as procedures have been firmed up for the holding of public hearings and the issuance of permits."

The City has been in the process of relocating the waste disposal site to the new location for almost two years, but have encountered many delays imposed by various state agencies.

Rodent control

A Rodent Control Program will be conducted in the city of Hondo October 7-9, it has been announced.

Santiago Machuca from the Texas Rodent Control Service will work closely with the city in conducting the program.

Bait to be purchased by the city will be placed in all homes needing the service and will be made available during the campaign to anyone having rat problems.

When used properly, the anticoagulant bait is less hazardous to children and pets and has proven very effective in controlling rats and mice in previous campaigns.

Everyone is urged to clean their premises of rubbish, discarded materials, etc., which, according to officials, might harbor rats and mice.

Anyone knowing of large infestation of rats and mice in the city is asked to call City Manager Fritz J. Leinweber, phone 426-3378.

Office opens

Opening of a branch office for Medina Savings Association in Castroville has been announced for October 1 by Ames L. Gill, president.

Application for the branch office has been approved by W. Sale Lewis, the savings and loan commissioner of Texas.

"Opening of the branch on October 1 will give full service capabilities to the area," Gill said.

He added: "We believe this office will serve to fill a need for the community and enable us to better serve the area."

"We are convinced that Castroville and the surrounding area will be showing good, steady growth in the future and we want to be a part of that growth. We believe our association can play a major role in helping the community prepare for the future."

Medina Electric slates meeting

Medina Electric Cooperative, Inc., will conduct its annual membership meeting on Saturday, September 28, at the Wishing Well Club in Pearsall.

Registration for the meeting will begin at 9 a.m., with the business session starting at 10 a.m.

Theme of the 1974 annual meeting is "Inflation's Effect on Your Cooperative". Manager L. E. (Red) Gross, with assistance of member service personnel, will inform the membership of MEC's present energy situation, material cost, operating costs, government regulations affecting power cost, and the Cooperative's approach to solving some of these problems.

The meeting will also mark the retirement of three members of the Board of Directors. They are Jack Tilley (District I) of Devine, Leslie Laffere (District II) of Uvalde, and Earnest Armstrong (District III) of Hebbronville. All have served since 1968.

Nominating Committees in the three elective areas have submitted names of candidates. Jerry Howard and Pete Morales Jr., both of Devine, have been nominated as candidates for election to the Board from District I. Candidates nominated from District II are John Dooley and Ray Carnes, both of Uvalde. Nominees from District III are Charles Hellen and Robert Holbein, both of Hebbronville.

In addition to the business

session, members present will be eligible for door prizes, and a noon meal prepared by the Frio County Library Association.

D'Hanis building purchased

Purchase of a building for a new office has been announced by Raymond Nester for the Medina County Water Control and Improvement District #2 in D'Hanis.

The District has purchased the building next to D'Hanis State Bank, formerly known as Sambert's Antique Shop. It was owned by Mrs. Berta Britz, who wanted to help the town and sold the building to the District for half price.

Nester said: "The Water District will do its utility billing and tax billing plus doing the tax collections for the D'Hanis Independent School District."

"The two districts will share expenses in this operation and hope to continue giving the same service they have been giving plus added convenience."

Nester will be the tax collector for the school district and Mrs. Robert Rothe will be tax collector for the water district. Erlinda Gomez is the office clerk.

Office hours will be from 9 a.m. to 3 p.m. Monday through Friday and 9 a.m. to 12 noon on Saturday.

SPEAKS HERE... Eugene W. Robbins, president of the Texas Good Roads Association, spoke to the Hondo Lions Club Wednesday. Robbins' appearance was arranged by C. E. [Chuck] Hackbeil, resident engineer for the Texas Highway Department, and was in observance of National Highway Week, September 22-28. Theme of the week is: "Better Roads--Better Living."

Local group will attend

'Open House'

A group of Hondo officials and residents will travel to San Antonio Friday to take in the "Open House" of the Headquarters of the Texas Highway Department district office.

The group will include: Mayor Pro-tem G. E. Pedroza, City Manager Fritz Leinweber, C. E. (Chuck) Hackbeil, Resident Engineer, Publisher Burnis Lawrence, Judge Jerome Decker, and others.

The group will leave about 11 a.m. from the City Hall to make this visit as part of National Highway Week, September 22-28. They will return by 3:30 p.m.

NEW ADDITION... This reproduction of a Hondo Utilities statement card is shown to explain one new item which will appear on it from now on. It is the line which says "Cost of Purchased Power Adj" and became necessary when the Council voted an electric rate increase, effective with the October billing. In setting the rate, the July 1, 1974 billing from the San Antonio City Public Service Board

was used as the base power cost. If future charges from PSB change from that July 1 base power cost, up or down, a pro-rata share to each customer will be reflected in this new line on the statement. If it decreases, there will be a credit to the customer; if it remains the same there will be no figures on this line; and if it increases there will be an additional charge to the customer. "By doing this each month,"

Electric System Manager Gene Harrison explained, "we can reflect any change on a monthly basis and hopefully not have to tamper with basic rates in the future." Although the illustration is not an actual bill, the rates shown are true rates for the quantities used. So it reflects an base power cost high enough above the July 1 charge to bring about a \$1.44 Cost of Purchased Power adjustment.

Letters to the editor

(Editor's Note: Last week the Anvil Herald received a letter from Mr. Wurzbach, the Chamber of Commerce had one, and Rocky Sedwick at Bingo Auto Parts received the one printed below. So naturally we all wondered how and where Mr. Wurzbach had read the Anvil Herald, since our records revealed

he was not a subscriber up in Canada. But the mystery has been solved by Mrs. Irma Wurzbach, a sister-in-law living in Hondo. She says that Cliff Wurzbach in Ohio takes the paper and when he finishes reading it he sends it on to Clinton in Canada. Which proved our point at the Anvil Herald when we say more people

read the paper than we ever know about. We all appreciate Mr. Wurzbach's letters and perhaps someone in the county besides Rocky can help him in his project. And, too, Rocky has been running this ad for a long time and says he's "delighted with this long distance response".)

Bingo Auto Parts
Hondo, Texas 78861

To whom it may concern:

I have noted your recent ad in the Anvil Herald asking for old pictures. I may be able to be of some help to you in this regard, if you will give me an idea of what you are interested in. I am a native of Medina County but have been away since 1942.

I have done some work on a family genealogy and am collecting old family pictures. Conceivably some of my collection might be of interest to you. We might discover an area of mutual interest that we can exploit to our mutual benefit.

I am also in a position to copy pictures as you are; and, hence, any pictures I might supply you would not have to be returned. Presumably, you may be in possession of pictures that would be of interest to me.

I would be interested in any old picture that has anyone with the following surnames in it: Wurzbach, Rothe, Schuehle, Kieffer, Huesinger, Schuchart.

I hope you are having fun collecting pictures and have been getting a good response to your request. I am looking forward to our becoming acquainted by letter. Please let me hear from you.

Yours very truly,
Clinton O. Wurzbach

SPECIAL BULLETIN ARE YOU TAKING ADVANTAGE OF THIS TAX SHELTER ?

A way to save on taxes while building a retirement fund is becoming quite popular with doctors, lawyers, farmers and other professional and self-employed people.

Congress has enacted the Self-Employed Individual Tax Retirement Act, [Public Law 87-792] known as the Keogh Act, or HR 10 Law.

The law has been recently amended, so that one may now set aside up to 15% of his income or \$7500, whichever is less.

This law allows you as a self-employed person, the opportunity to participate in a U. S. Treasury approved plan and use dollars you are now paying in federal income taxes, to help create your own voluntary pension plan for retirement.

Not only are annual contributions up to \$7500, 100% tax deductible, but the interest income that is earned on the invested money, compounds free of current income taxes.

The Keogh Act permits you to accumulate thousands of dollars with special tax benefits, and Guaranty Income has obtained approval from the U. S. Treasury on its annuity plan.

To take advantage of this Tax Shelter law, I urge you to fill out and mail the attached card today for full information.

Gentlemen:

Please see that I receive this valuable information of the Keogh Bill, HR 10, as it pertains to Farmers, Ranchers and Self-employed persons.

"INFLATION"

While politicians claim they are currently attacking the No. 1 problem in the U. S. - inflation, three well-known economists say the alternatives are completely unacceptable.

We are all aware of the rapid run-away inflation which has hit this country. Farm input cost gains are merely just one evidence of this inflationary spiral. These, plus substantially higher costs of living, are factors which we are all getting use to, but we really don't like it.

At the recent annual meeting of the American Agricultural Economics Association, at Texas A&M University, a panel discussion dealt with "Inflation and Agriculture." The panel consisted of three gentlemen, each one of which has had extensive government experience in controlling inflation. The panelists were:

Dr. Don Paarlberg, U. S. Department of Agriculture, Dr. Marvin Koster, American Enterprise Institute, and Dr. George L. Mehren, Associate Milk Producers, Incorporated.

The general consensus of the panel was that stopping inflation was almost completely out of the question. They maintained that only a slight control over the rate of inflation is possible. It is not the lack of economic tools to effectively half the inflation which causes the problem, but rather the political unfeasibility of the remedies. In other words, the general public would not stand for the economic restraints which are required to control inflation. For example, one tool which might work would be a tax surcharge, or an increase in taxes. Obviously, this is highly unpopular. In fact, several attempts have been made recently by some legislators to get tax cuts. That would actually make the inflation problem worse.

A sharp reduction in government expenditures would also help reduce inflation - but whose pet government project will be the first to be eliminated? Again, the trend is just the opposite - more government handouts are proposed and everyone wants their share of the federal handouts.

The final result of the panel discussion was a rationalization that the alternatives to inflation are considered even more undesirable to the public than the problem of inflation. It is, therefore, assumed that inflation will remain with us and that people must just adjust to it.

If, in fact, people do not want any more inflation, they must convey that desire to their political leaders. The silent majority cannot have its wants known, unless it suddenly becomes strongly vocal.

Editor's Note: Jerome Finger brought us this timely bit which appeared in the August issue of the Texas Livestock Market News.]

A 1970 graduate of Devine High School, he joined the Navy in February, 1971.

SPARKS

funds because they are inflationary.

His motto shouts clearly: "Amnesty for those who fled, cut the funds for those who didn't."

ARE YOU REGISTERED

. . . to vote in the November General Election?

If you registered between October 1, 1971, and the present you are eligible to vote, regardless if you have exercised the privilege or not since you registered.

If you have not registered at all, you may do so up to 30 days prior to the November election. You may register at the Medina County Tax Assessor-Collector office.

Now for a little more confusion.

If you registered between October 1, 1971, and November 30, 1972, and have not exercised the right and do not vote on November 5 of this year, then you will be notified by the Tax Office that your registration is no longer valid.

However, if you have voted in any primary or general election with that registration certificate, then you will be an eligible voter until told otherwise.

Anyway, why not be sure of your eligibility so you can vote come November 5.

Chamber Corner

By Lillian Porter
Executive Secretary

Jay, Florida, want lease information.

The Evangelical Fundamental Endeavor has asked for a list of all Spanish speaking churches in our area -- as well as the English speaking churches -- so that it might send literature, and other material.

Coast Guard recruiters want to know a lot about a town, or so it seemed from a letter sent us by Lewis Beck, officer in charge in San Antonio. We just sent him an industrial fact sheet which contains all the information he requested.

HEY, THERE! Our beautiful bumper stickers are now on sale, and for only 25 cents each.

You may pick up any number you want at the following places in Hondo: Frontier Restaurant, the Drug Shoppe, Dan's Drug, Peden's Rexall Drug, Anvil Herald and Anvil Office Equipment and the Medina County Museum.

Lee Ann Nutting of Dallas wants "as much information on our county and county seat as possible." The student is doing a school report and chose Medina County.

Clinton Wurzbach of Quebec wants a Medina County Trails map.

And on the hunting side, Bill Cole of Colleyville, Texas, and Ken Bynum of

NOTICE TO ALL HONDO ELECTRIC USERS

With the October billing you will see an increase in your electric bill? Brought on by increased cost of power. This is a direct result of the energy crises.

However, we would like for our customers to note that this billing covers some of the hot period of August, reflecting usage from Aug. 20 - Sept. 20. Consumption of more electricity during this hot period will definitely have a bearing on the total bill, despite the fact we have experienced some "cool days" recently.

Merit center to open

The Merit System Council of Austin announces the opening of a new local examination center in Uvalde, located in the State Department of Public Welfare office at 137 North High Street. The center will be open effective October 12, 1974, with testing to be conducted on the second Saturday of each month. All testing will begin promptly at 8 a.m. on the scheduled test days.

According to Leo Brockmann, Director of the Merit System Council, the examination center is being opened in response to the continuing growth of interest in MSC testing in this area. The director went on to express and emphasize his agency's appreciation of this opportunity to better serve residents in and around Uvalde through the expansion of testing facilities.

In Texas, the Merit System Council extends services to twelve State agencies: Governor's Committee on Aging; Air Control Board; Texas Alcoholism Commission; Division of Disaster Emergency Services; Department of Public Safety; Drug Abuse Division; Department of Community Affairs; Texas Employment Commission; Texas State Department of Health; Governor's Office of Comprehensive Health Planning; Department of Mental Health and Mental Retardation; Texas State Department of Public Welfare; Texas Surplus Property Agency; and Office of Youth Opportunities, Department of Community Affairs.

Eufemio Duran, manager of the Uvalde Texas Employment Commission office, explained that "The merit system is a fair and impartial method of recruiting and selecting employees for participating agencies on the basis of ability, merit, and fitness, as determined by practical, open-competitive examinations." These examinations, he pointed out, cover a broad range of career types in clerical, technical and professional classifications.

In the event more detailed information is desired regarding tests available for various positions with the above State agencies, Duran suggested that contact be made with the Uvalde Texas Employment Commission office at 200 South East Lane Street, or with the Merit System Council, 507 Brown Building, Post Office Box 1389, Austin 78767.

Inflation aids sales tax here

Inflation and perhaps the gasoline shortage helped push the City of Hondo's second quarter sales tax check to the highest in history.

The City received a \$20,779.67 check for the sales tax collected in Hondo during April, May and June of this year.

Increased costs on most all items of purchase had a significant bearing on the increase, and it is possible that the gasoline shortage during those three months caused more residents to remain in town and shop local stores.

ATTEND MEETING...

Those persons who attended the Area VII Association of Young Farmers and Young Homemakers banquet in New Braunfels recently stopped to pose for this picture. In the shot are left to right: William Mund, Mr. and Mrs. Charles Mumme, Mr. and Mrs. William Reus, Mr. and Mrs. Alton Davis, Mr. and Mrs. Fred Yanta, Betty Mund, Rep. and Mrs.

John Poerner, Advisor John McAnelly, Mr. and Mrs. Wayne Scholtz and Mr. and Mrs. George Gooding. Mund and Reus are holding the 2nd place award for public relations won by Hondo. Rep. Poerner holds an appreciation plaque given by him the Young Farmers of Texas, and George Gooding is holding the chapter scrapbook which won the second place award.

Garden Club members see skit by four

The Hondo Garden Club's first meeting of the year was held in the City Municipal building at 2 p.m. Sept. 13 with the program consisting of a skit on "Preservation."

Taking part in the skit were Mrs. O. M. Redus, program chairman, Mrs. Mark Marshall, Mrs. Barnitz Carle and Mrs. J. R. Duncan.

The club voted to give a

memorial to the cemetery fund in memory of the late Dr. Hazel Taylor, past president and long standing member. "Memorials to the cemetery fund are welcome," said Mrs. Doug Mogford, president.

Hostesses were Mrs. Jack Been, Mrs. Roy Brantley and Mrs. George Cole.

A plant exchange will be held this morning (Thursday) at the thrift shop.

Miss Guly honored at picnic

Miss Josie Guly of Hunt, Texas, has been spending the past several weeks in the home of her niece and nephew, Mr. and Mrs. Wm. Lutz and on Sunday, the 15th of September, Miss Guly was honored with a basket picnic at their home.

About 65 relatives gathered for the occasion. Out of town relatives came from Del Rio, Uvalde, San

Antonio, LaVernia, San Marcos and D'Hanis.

Miss Guly is the only living member of the Valentine and Emma Guly family which was among some of the early settlers moving here from Castroville in the early 1860's. They're home still stands on the east bank of Seco Creek where the Guly's spent their entire life.

Bible study classes to begin

Persons interested in in-depth study of the Bible, regardless of faith or church affiliation, are invited to attend free classes at Chacon Lake Baptist Church.

"Introduction to the Old Testament" will be taught on Tuesday evenings beginning September 24; "The Life of Christ" will be taught on Thursday evenings beginning September

26. All classes will begin at 7:30 p.m. and end promptly at 8:30 p.m.

Both classes will be taught by Louis Vannatter, pastor-teacher at Chacon Lake Baptist Church. The church is located on FM 471 between Natalia and LaCoste. Anyone desiring more information may call 772-3330 or 663-2159.

Mission program

The Rev. and Mrs. Milton K. Dare will present a program on mission work in the Orient Sunday at 7:30 p.m. at First United Methodist Church.

Rev. Dare serves as District Superintendent of the Kerrville District, First United Methodist Church.

He and Mrs. Dare recently toured these countries and will have many interesting pictures and comments to share with us. "This Oriental Tour is for everyone, and we cordially invite you to come," a church spokesman said.

This week

All she wrote

by Edna McDade

Monday of this week was the first day of autumn - or fall. This means that October, my favorite month of the year is next on the 1974 agenda.

Come to think of it, every month offers something special to all of us if we take time to take inventory.

Of course we are still within the hurricane season and Fifi is the current threat. Good name, for a hurricane, that is.

Although football is definitely not my 'druthers in the field of sports, I do respect the enthusiasm it receives from its dedicated fans and even tolerate watching an occasional quarter on television.

JUDY HEILIGMAN wrote in great detail about the excitement, trials and tribulations of the Hondo-Fredricksburg game. "That," said she "was a night I know I'll never forget as long as I live!"

Youth can remember many experiences for a long, long time. The years that follow, as many of us have come to know, can erase many never-to-be-forgotten memories and replace them with others perhaps equally as memorable which we'd like to be able to forget!

Bats, if you guano know how I feel about them, give me the double-barrelled shudders! However, a story about JAKE SCHUEHLE's Ney Cave, north of Hondo, appeared in the Houston Chronicle's Texas Magazine of Sunday, Sept. 15, and I read every word of it with interest.

Population of the cave was given as "30 million bats, flying in echelons of thousands, 500 and more abreast, rank on rank, wave on wave, into the evening sky, where they formed a swirling, twisting column that hovered across the valley like a blue-gray plume of smoke."

I'll take the census taker's word about the 30 million count ... and the part about "rank" goes without repeating! Quite a few bats!

A notation in my Birthday Book [which I don't always remember to consult] indicates that CAM MOSS had a birthday on Sept. 21 [which was last Saturday] and SUSAN [Mrs. Bob] McGARITY let another year slip by her on Sept. 20th.

Because I consider them both very special friends, I hope each had a specially happy birthday.

My acknowledgement of letters from friends seem to remain in a perpetual good-intentions state and I have a box full of letters that I keep promising myself I must write.

When I think of the money I could have saved in the days of 6-cent postage [and some date back that far] I decide that, in addition to being a shamefully procrastinating person, I am not a very thrifty soul.

A delightful note came this week from HILDEGARD [Mrs. Ray] REXROAD now living in Florida. She added a little rhyme of her own composition and included a necklace with a dangling turtle that moves its legs.

The turtle and I must be kindred spirits since we both move at about the same rate of speed. Remembering the tale about the tortoise and the hare, I might surprise myself and some of my neglected correspondents yet... let's say before postage rates take another jump!

The U. S. Census Bureau reports that about 20.6 million of us Americans who were once itty-bitty babies are now 65 years old, or older, and our number is increasing by 300,000 to 400,000 a year. If the vitamins hold out and do all they claim, no telling where some of us might land. Gerontologists say that one of these days, more than half of our population will be over 65.

Pity the poor younger younguns then!

Budgets have been defined as "An attempt to live below your yearnings."

If this be true, County Judge JEROME DECKER and his County Commissioners Court have made a good start in the right direction by having trimmed expenditures to "handling size".

News about plans for a joint venture between the Chamber of Commerce and the City Council toward plans for the coming '76 Bicentennial made me feel better about the whole thing.

Of course Medina County and the City of Hondo want to stand up and be among those counted to share in the Nation's special observation!

Karamursel, Turkey, is a long, long way from Hondo, TX, USA, but Hondo is represented there by Staff Sgt. ELISONDO SALAZAR, son of Mr. and Mrs. E. C. SALAZAR OF Hondo.

Whether the Sergeant makes it home in time for this coming Thanksgiving or not, he should certainly be able to "talk turkey" whenever he and his wife, Shirley, do return to the good old USA.

One advantage of the ankle-length skirts shown in the 1906 HHS graduating picture, as supplied by Mrs. TOM B. [Robbie Chancey] HOLLOWAY, was that any runners the wearer's hose might have developed right at the last minute didn't show.

Or, did the hose of that day develop "runners"? By my graduation time, skirts had been lifted some almost indecent five inches or so from the floor and we felt we'd come a long way from the era of necessary "dust ruffles".

Also, I seem to remember that the hose we wore were of cotton lisle lace, with "the flesh" showing through. Tsk!

BIRTHS

Mr. and Mrs. Daniel Nelson proudly announce the arrival of a baby daughter, born August 22, 1974, in a San Antonio Hospital. The little miss weighed 9 lbs. 1 1/2 ozs. Proud grandparents are Mr. and Mrs. Calvin Schott of Dunlay, Mrs. Sybella Schneider of San Antonio and Mr. and Mrs. Gene Nelson of Devine. Great-grandparents are

Mrs. Paul Schott, Dunlay, Mrs. Irene Nentwick of Macdonia and Mrs. J. Nelson of San Antonio.

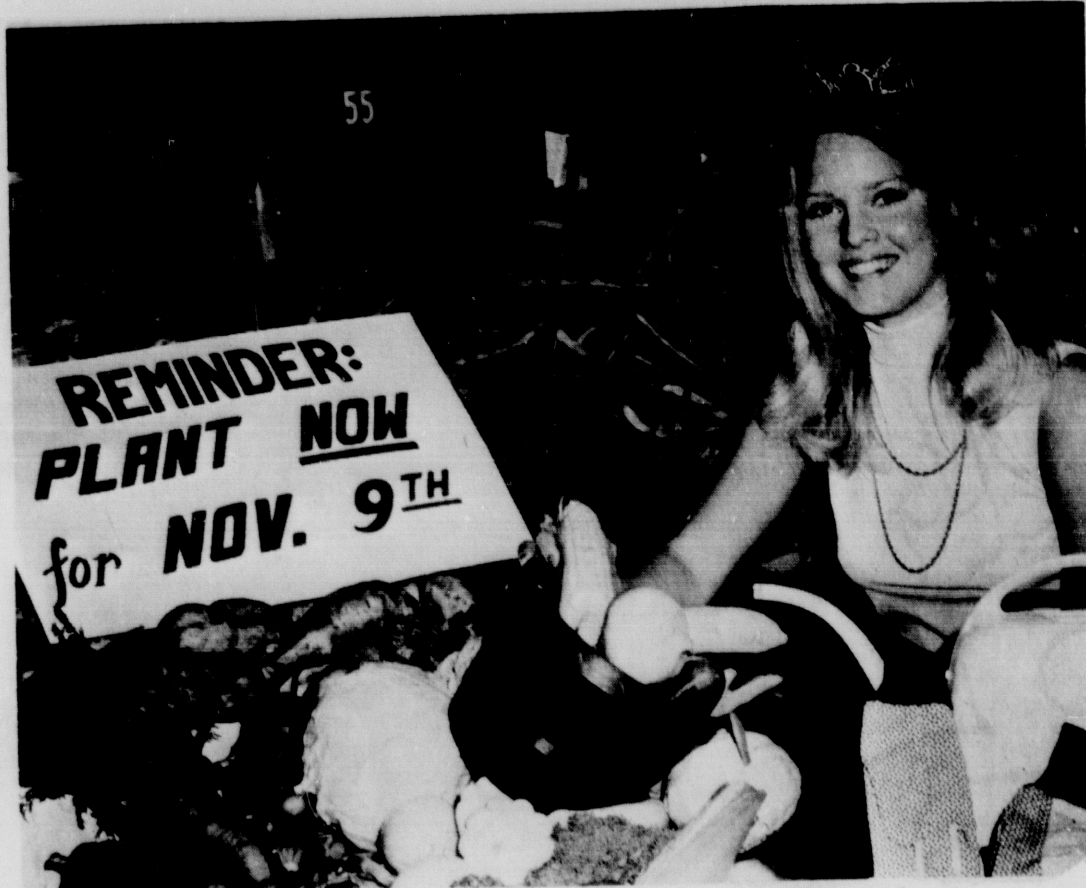

Melissa Marie Nelson was baptized on Sunday, Sept. 8, by Father Larry Stuebben in St. Louis Catholic Church in Castroville. Her sponsors are Mrs. Wanda Bohmfalk of Hondo and Bill Brieden of Castroville.

Marriage announced

Mr. and Mrs. Charles A. Heilig announce the marriage of their daughter, Judith Elizabeth, to Jay Edwin Winters, on Septem-

ber 13, 1974, at Pearsall.

Mr. Winters is the son of Mr. and Mrs. Richard Winters Sr. of Hondo.

SPECIAL INVITATION..
Pretty Lora Pape, South Texas Vegetable Day Queen reminds home gar-

deners that it's still not too late to plant certain vegetables for the upcoming Vegetable day show on

Nov. 9th at the Joe Freeman Coliseum, San Antonio, Texas.

Home gardeners urged to enter big show

Home Gardeners will be able to participate in the upcoming Vegetable Day Home-Gardeners' Contest on Nov. 9th if they hurry out and purchase plants for transplanting. All vegetables with a 60-day growing period can still be planted.

The following vegetables would be ready for harvest by Nov. 9th, if they were planted immediately: Cucumbers, Squash (all varieties except acorn squash),

Lettuce (all varieties), Turnips, Mustard Greens, Collard Greens, Beets, Cabbage-red or green (providing plantlets are used), Radishes, Tomatoes (using transplants) and Green Onions (using onion "sets" as the starter plant).

A little "tender, loving care" would be all that is needed to produce a prize-winning vegetable, according to Mr. Thurmond Kennedy, Bexar County Agricultural Extension

Agent. Everyone is encouraged to plant a row or two of vegetables and enter them on a paper plate at the Home-Gardeners' Division of the South Texas Vegetable Day Show, at the Joe Freeman Coliseum, San Antonio, Texas. Prizes will be awarded the First, Second and Third-Place winners.

Admission to the South Texas Vegetable Day show is free.

D'Hanis News

M&M Herman Fohn are home after a visit with their daughter and her family, M&M Joe Sowa and their daughters, Jodye and Deena. The Sows are living in Martinsburg, West Virginia, where Sowa is employed by the government. Points of interest which they visited were

Harpers Ferry, the races at Shenandoah Downs in Charlestown and a tour of the Capitol, White House, etc., in Washington, D.C. The Fohns made the trip by air.

Dinner guests in the home of Mrs. Frank Suovik on Sunday to help her

celebrate her birthday were her brother, Fred Ernst, M&M Andred Braden of Hondo and Mrs. Alma Burks. Afternoon guests were Mrs. Gladys Ernst of San Antonio and her sister, Neul Mickey of Gonzales and Mrs. Bill Braden of Hondo.

BLUE BIRD

HAPPY FACE BLUE BIRDS

The Happy Face Blue Birds held their first meeting Thursday, Sept. 19. We elected officers for September. They are, president-Cheryl Baker, vice president-Velma Garcia, secretary-Janet Lutz, treasurer-Courtenay Rogers, Reporter-Annette Saathoff.

Jr. Garden Club

Hondo Junior Garden Club members met Wednesday, September 4, at 5:30 p.m. at the City Auditorium. Guests were Ricky Yates, Stevie Muenink and Mrs. George Cole. Refreshments were served by Mrs. Mark Marshall and Mrs. Carl Trulson, adult sponsors.

Program of work for the year was outlined by Chris

and Doug Cole. Jesse Seals was elected recording secretary for the year. Members attending were Valerie, Doug and Chris Cole, Paula Jones, Jesse and Patty Seals.

Mrs. Marshall reminded members any youth interested in gardening and preservation of our natural resources is welcome to join.

Sorority sponsors program 'Operation Identification'

Members of the Iota Upsilon Chapter of Epsilon Sigma Alpha Sorority are sponsoring a "Stop-Thief" program called "Operation Identification" for the Hondo area.

"You may use your drivers license, social security number, or any other identifying number to mark the items most likely to be

stolen from your home," a chapter member said. "Also, you may place stickers on your windows or doors warning thieves that goods inside are marked for easy identification. Then the number may be recorded at the Hondo police Station."

This allows a quick check on stolen items and if they

are numbered they can be returned to the owner. "For a nominal fee," the spokesman said, "you may join the program and obtain the use of the engraver to mark items, as well as stickers for windows and doors. Just Contact Mrs. Bru Miller at 6-2576 or Mrs. B. P. Strunk at 426-2751.

Library News

Hondo Public Library desperately needs volumes of short stories and poetry. Lottie Maw, librarian, reports that these are in constant demand, and donations of such in either hardback or paperback form will be greatly appreciated.

Gifts that have been received by the library in recent weeks include many magazines from Barbara Weems, the Paul Reilly family, W. F. Gaudian, Ruth Bunting, Mr. and Mrs. John Poerner, Mildred Teague and Mr. and Mrs. O. M. Redus, who have also placed on display a hanging Autumn decoration of grapes.

Other contributions have been made by Donna St. Clair, paperbacks; Mr. and

Mrs. Hilmer Haegelin, books and paperbacks; Ella Oefinger, paperbacks and magazines, and Catherine Gross, novels, paperbacks and magazines.

A varied selection of paperbacks has been donated by Mrs. J. F. Delony Sr., and Hattie Laughinghouse.

Mrs. Maw again reminds readers that overdue books are needed by other library patrons, and expresses the hope that these books will soon be returned.

The bookdrop, plainly marked, was placed in front window of library for the convenience of those people who can not get to the library during regular hours. The library is open five days a week, Monday through Friday, 11:30 a.m. to 5:30 p.m.

Nester now on tour

David Nester, MRFN, U. S. Navy, son of Mrs. Olivia Nester, D'Hanis, is presently serving aboard the U.S.S. Yosemite (Destroyer Tender).

The Yosemite left Mayport, Fla., in July for a tour of duty in the Mediterranean, where the Navy men will tend to the needs of the ships of the Sixth Fleet.

Ports of Naples and Gaeta, Italy, have been visited and at present the

Yosemite is at Agusta Bay, Sicily. David took advantage of tours to important cities and historical sites in the Naples area.

One of the highlights was a tour to Rome, where David attended Sunday Mass in the Vatican and was in St. Peter's Square for the Pope's blessing at noon.

The Yosemite is scheduled to arrive home in Mayport for Thanksgiving.

KEEPING FIT ... Joining Boy Scouts over the nation, these two Hondo Scouts keep physically fit. Doing their push-ups are, left: Richard Palacios of 1712 14th Street and Ted Garza of 1710 14th Street. Richard is a First Class Scout and assistant patrol leader. Ted is a Star Scout and a patrol leader. (Photo by Tony Mendoza)

Hondo Boy Scouts to join fitness program

San Antonio -- Fitness and safety will be key elements in a program for Scouts of Hondo and Medina County for the coming year, in connection with our nation's Bicentennial observance.

Each Scout troop is to determine its program based on suggestions by members, a council of young troop leaders, and guidance of Scoutmasters. The 1974-75 Scout Bicentennial program will emphasize "Be Prepared for Life: Be Safe, Be Fit." The suggested program includes personal fitness, safety,

ropework, bowling, winter camping, emergency readiness, citizenship, cycling, hiking, camping, cooking, and water fun and safety.

Also included in the program for each troop will be an effort to earn the Presidential Physical Fitness Award. This includes troop safety projects, Project SOAR-Save Our American Resources- and the World Friendship Fund to aid Scouting in other nations.

The Alamo Area Council also has scheduled special activities for troops during the year that will stress the "Be Safe, Be Fit" theme.

Fasellers attend meeting

Mr. and Mrs. Robert Faseller attended the Water For Texas Conference at A&M University in College Station, Thursday and Friday, Sept. 19 and 20. Faseller represented the Texas Farm Bureau. Discussion centered upon ground water supplies.

The Hardt name is well known in Medina County and one Hardt has taken it to Arizona and made it a familiar name in the halls of the state senate there.

He is Senator August Balentine (Bill) Hardt, who was born and raised in the county. His mother and father were Henry Lee and Katie (Leinweber) Hardt who lived north of Hondo on the Tarpley Road.

A story in the Superior Sun, Superior, Arizona, which incidentally is published by John and Lois Seater, who lived in Hondo

for three years and published the Anvil Herald, give a good account of Senator Hardt. His sister Lorene Reitzer of San Antonio mailed the story to the Anvil Herald.

Written by Debbie Block of the University of Arizona journalism department, the story says, in part:

"Sen. A. V. 'Bill' Hardt from Globe said he never had intention of going into politics, but will run this year for a fourth term in the

state legislature.

"Once you get into public Natural Resources and office and public affairs get Environment - and on all into your blood," Hardt three he faces opposition says, "you keep thinking from Republicans who, there could be better holding the majority in the things." Senate, also control most

A leathery, hatchet-faced committee work. Democrat who came to Although the senator has Arizona from Hondo, been a lifelong Democrat, Texas, in 1933 with the he said he is not a staunch Civilian Conservation partisan.

Corps, Hardt has focused Hardt was the only his political energies on Democrat in the Senate to securing those better vote for a bill to restrict the things for Arizona's elder- spending of agencies. But he said his vote on that

In a conscious effort to issue did not take anyone, "make life a little easier for Democrat or Republican, the older, retired people - by surprise.

"I always know which way I'm going to go, and I some success for legislation make no ifs, ands or buts that would allow early about it," he said.

The senator's deep-seat- retirement without heavy convictions, along with no success for free hunting his outspokenness, were and fishing licenses for responsible for launching his "accidental" political career in 1958. In that year, citizen Hardt worked on a town committee to revive a Waterbond election that had failed in Globe.

A man who appears to be in his mid-60's - Hardt refuses to divulge his age - he battled for three years within the Senate's Finance and Revenue Committee for an income tax credit bill for persons over 65 with incomes under \$5000.

"I have a reputation of being a scrapper, and I've got a terrific temper," the senator said, "but I usually hold it in control."

Hardt's control seems absolute during full Senate meetings. There he wears a patient face, and sits back in his chair, legs crossed.

"Hardt's always quiet on the floor," according to Senate Sergeant at Arms Douglas Martin. But once in committee, his forehead creases, his mouth sets in a hard line, his hand massages his chin as he bends over his notes.

With an air of being on guard, he studies the bills before him, the senators to the sides of him, and the lobbyists in front of him.

"He's prickly and he's conscientious," one Senate reporter said. "And he gets furious when he's got something to say and he isn't recognized immediately."

Hardt serves on three committees - Agriculture, Commerce and Labor, Fi-

House, Bill Hardt got himself elected to the Senate, where he has stayed put for three terms. Yet despite his obvious success as a politician, Hardt said he has never run a formal, organized campaign for office.

"I just go around and talk to people, and I put a couple of ads in the newspapers," he said. "And my wife, Athia, is a person that everybody loves - she's the best campaign manager I could have."

Hardt's wife is not his only publicity agent. The senator, an avid fisherman and hunter who owns the Unique Sporting Goods Store in Globe, also writes a column - "Rods, Reels, Guns and Spiels" - that runs in four weekly newspapers.

He said campaigning is easier because so many voting readers are familiar with his name - a name although transplanted to Arizona is almost as well known there as it is here.

4-H Club

Announcements included:

An Awards Banquet will be held at the Parish Hall in Devine at 8 p.m., October 19.

Timmy Gilliam and Jeanette Aelvoet said their recreation group will meet October 7.

Stock Show lambs will be sheared at the City Park this Saturday from 7 a.m. to 2 p.m.

There will be a rifle meeting on October 2.

And the South Hondo Unit II 4-H club will meet October 7 in the City Auditorium.

-Jayne Timberlake, rpt.

South Hondo Unit I

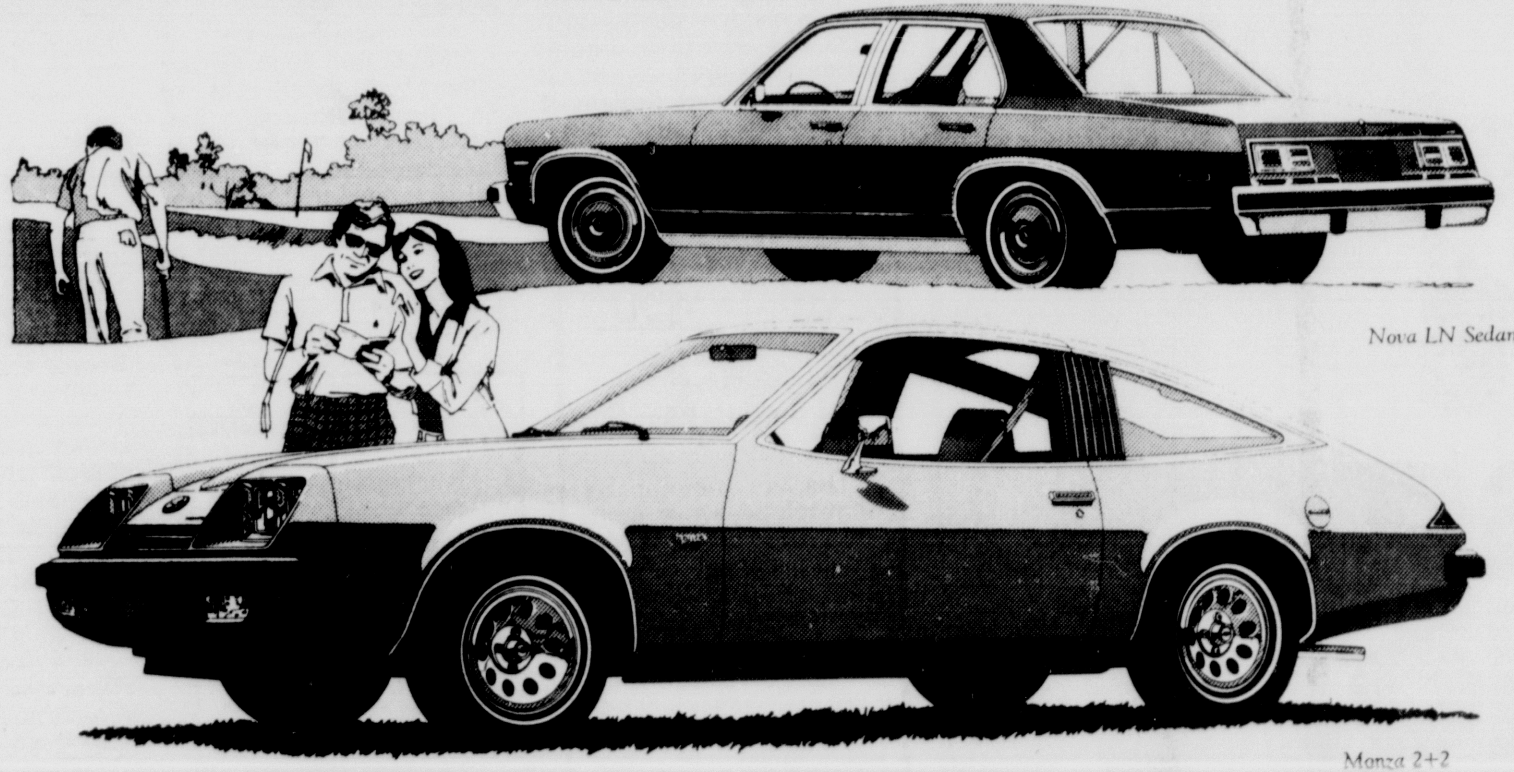

The South Hondo Unit I 4-H club met September 16 with Lesley Muennink presiding. The meeting was opened with the club prayer by Larry Bohmfalk. Anna Buescher led the motto and pledge.

The following activity reports were given: State roundup by Vicky Gilliam, record book contest by Jessica Muennink, county camp by Angela Braden, dress revue by Beverly Graff, Folklife Festival by Hank Muennink, and county council report by Tim Gilliam.

The awards banquet will be held October 19, at St. Josephs Hall in Devine.

-Angela Braden, reporting

CHEVROLET FOR 1975. CARS THAT MAKE SENSE FOR TODAY.

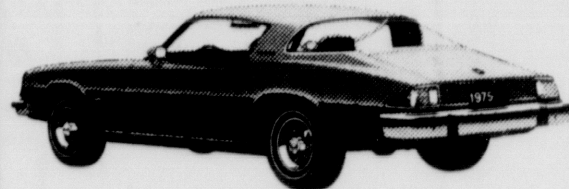

Nova LN Sedan

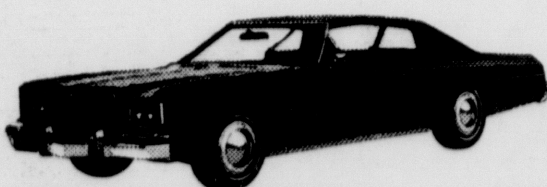

Monza 2+2

MONZA 2+2 The small car of tomorrow will probably be a little more powerful, handy and comfortable than ever. The 1975 Monza 2+2, shown above, offers this today. It has advances like rectangular headlights set in a soft front end, fold-down rear seat, and a new 4.3-liter V8 engine available.

NOVA In the background above, our new Nova LN Sedan. A luxurious Nova with thick carpeting and wide-back reclining front seats. For 1975, all Novas have been emphatically refined along the lines of elegant European sedans. Nova's always been good. Now it's beautiful.

CAMARO Our sensibly sporty compact. It looks like a million and drives like it looks.

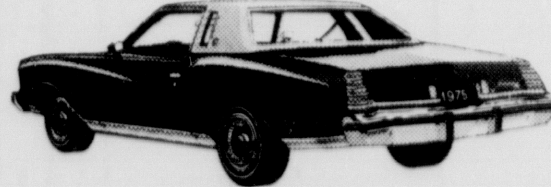

IMPALA America's favorite car continues to provide the room many families need plus plenty of quiet and comfort. Still the great American value.

WAGONS Big ones, small ones, in-between ones. Practical wagons that make sense for America. And you.

CHEVELLE Mid-size, easy to drive, room for six, mid-priced, strong reputation for value. America's most popular intermediate.

MONTE CARLO Its special ability: making you feel good. About the way it looks and drives. About your own taste and judgment.

CHEVROLET'S NEW EFFICIENCY SYSTEM FOR 1975

It's the key part of a program aimed at helping our new cars run leaner (more economically), run cleaner—and save you money every mile.

The Efficiency System is standard on all 1975 Chevrolets with V8 or 6-cylinder engines. It's a series of significant engineering improvements working together for the very first time.

Components include High Energy Ignition, catalytic converter, Early Fuel Evaporation and steel-belted radial tires. In sum, the System is designed to heighten the pleasure and lower the cost of driving a 1975 Chevrolet—to bring you a better running car in many ways, along with improved fuel economy, more miles between recommended maintenance and an engine that stays cleaner internally because of no-lead fuel.

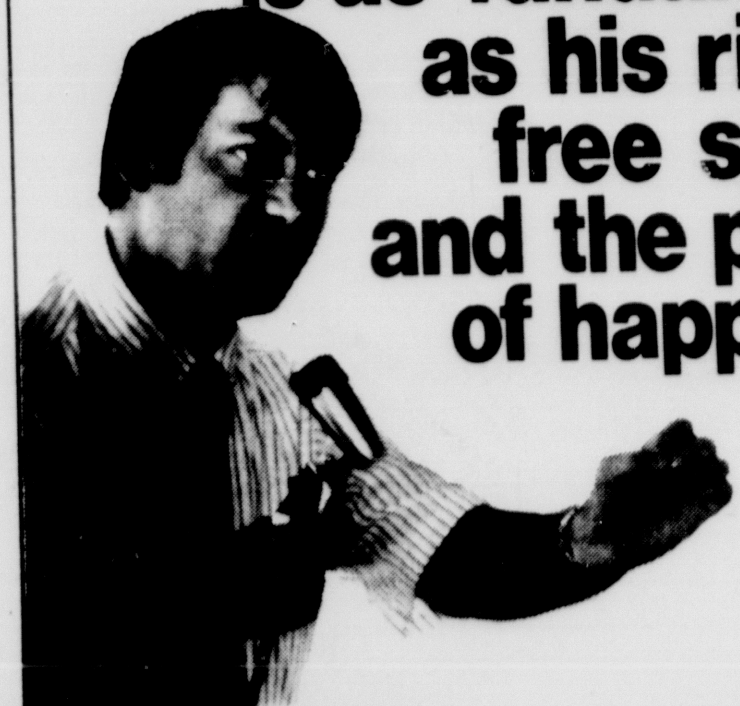

Your Chevrolet dealer will gladly give you the details and answer your questions. See him and the sensible 1975 Chevrolets starting September 27.

A man's right to work is as fundamental as his right to free speech and the pursuit of happiness.

If a man chooses to join a union, he should be free to do so. If he chooses not to join a union, he should be free not to. It's that fundamental, according to Doug Harlan.

Doug Harlan, lawyer and former government teacher, is a candidate for Congress in the 21st District.

If you're for a man's Right to Work. For a balanced Federal budget. For dealing with our water problem before it becomes a crisis.

And for continued conservative and enlightened representation in Washington, then you're for Doug Harlan. He's for everything he says he's for.

**Harlan
for Congress.**

1844-Pioneer history of Hondo Deanery-1974

[Editor's Note: This is the second article in a series of two giving the history of the Hondo Deanery. Written by the Rev. Victor Schmidzinsky of the Holy Cross Church in D'Hanis.]

The second parish of the Hondo Deanery was formerly St. Dominic's, Old D'Hanis, until 1914 when it was named Holy Cross Parish, "New" D'Hanis. Some 29 families came West, 25 miles from Castroville and 50 miles from San Antonio. They were also Alsatian and Catholic. The settlement was named "D'Hanis" which Henri Castro named for a friend and business associate of his in France, Guillaume "William" D'Hanis.

The first St. Dominic's Church was a crude little building made of cypress logs, read for use on August 4, 1847, the feast of St. Dominic, after whom the Church and parish was named; also after Father Dominic Mesens, O.M.C. a roaming missionary priest from Castroville. Other priests from Castroville also took care of St. Dominic's until 1853 when it got its first pastor; and its first resident priest as pastor in 1868.

The cornerstone of a new and adequate building was laid in 1868 and soon the

new St. Dominic's was ready for use. It was built of rock in Gothic style and served the parish until 1912. It is now in ruins.

In 1870 two Sisters of Devine Providence from Castroville opened St. Dominic's School in a room which was probably part of the old church. St. Dominic's School in 1883, with 70 pupils enrolled in a new building which had been erected for the purpose, was a two-story rock structure which included housing facilities for the Sisters. Later a two-story rectory was built close to the Church. St. Dominic's Cemetery was on the same plot of ground.

Early in the 1900's the Sabinal parish, a former mission of D'Hanis, was taken over by the Oblate Fathers of Uvalde. And Hondo was a former mission of D'Hanis until 1909. At one time this deanery was known as the D'Hanis Deanery until 1949 when it became the Hondo Deanery as it is today.

Other Parishes

Let us now turn to the other parishes in the deanery: first Pearsall. The town of Villa del Frio was moved a short distance to the present site of Pearsall, and took that name in 1881. The first priest to visit this settlement seems to have

been Father Troncy, who said Mass in private homes in November, 1880, and July, 1881. After him came Father Dumoulin who established a Mission at the Crow Ranch, eight miles from Villa del Frio. According to local tradition the first church at Pearsall was built by Father Planchet in 1891. It was dedicated to Our Lady of Guadalupe, and the church with all its records was destroyed by fire in 1904.

A new church, dedicated to St. Joseph, was built in 1905 by Father Antonio Dumoulin. Later the church and the parish became known as Immaculate Heart of Mary with Mission churches in Moore, Dilley and Big Foot and which has jurisdiction over all of Frio County, an area of 1124 square miles. The Claretian Fathers remained in charge of Pearsall and Missions until 1914, secular until 1926, when the Carmelite Fathers took over, and are in charge to date.

The town square has a replica of the "World's Largest Peanut", since the community markets some 45,000,000 pounds of peanuts annually. The records of St. Augustine's Mission Church, Moore, Frio County, now preserved at Pearsall, date from 1899. Previous to this the Rev. Joseph Moulin made occasional visits and said Mass in private homes. The church was built in 1898 by Father J. A. Dumoulin, and remodeled in 1940. At the Mission Church in Big Foot Mass is celebrated and catechism classes conducted for the benefit of those parishioners who live in the outlying districts of the parish.

Hondo

With the coming of the Southern Pacific Railroad through Medina County in 1881 the townsites of Hondo as laid out on lands owned by the railroad. From 1881 1892, local Catholics are ministered to by priests from D'Hanis and Castroville. In 1892, about

the time Hondo became the county seat, an energetic young priest, Father Matthias Metzinger, came to the town. He began the organization of the parish and in the fall of the year built and dedicated the Church of the Seven Doctors.

A Catholic School opened in 1893 and was conducted by two Sisters of Divine Providence from the Mother-house at Castroville. In 1909 Father J. J. Meyers from D'Hanis became the first resident pastor. He built a church which was named St. John the Evangelist and which now serves as a remodeled parish hall. A new and modern church has been built since 1970.

During the war years, 1941-1945, a large increase in the number of Latin-Americans, most of whom lived at a distance from the original parish church, made it necessary that special arrangements be made for their spiritual welfare. Father Camillus Garcia purchased a block of land and Father Emmett Kolodzie secured an excellent chapel from the Hondo Army Airfield. The chapel was moved to the new property and dedicated to Our Lady of Guadalupe in December of 1947. Father Hubert Janak purchased army barracks and from them constructed a school, a convent, and a spacious parish hall.

To date the entire parish is no longer in use. In 1942 the Immaculate Heart of Mary Mission at Yancey, a settlement several miles south of Hondo, was placed again under the jurisdiction of Hondo. According to the records at hand, the Claretian Fathers in 1908 were the first ministers to the spiritual needs of that community, which was at that time a mission of Pearsall. From 1912 to 1924 it was attended to from Hondo, and from 1924 to 1942 it was a mission of Devine.

Cotulla

The history of Sacred Heart of Jesus Parish, Cotulla, is rather indefinite because of the fact that, though begun in 1883, there was no resident pastor until 1933 and very little organization until 1942. Again, all the records were destroyed in 1910. In August, 1883, Bishop Neraz of San

Antonio, acquired from John A. Kerr a piece of property fronting 140 feet on the main street of Cotulla and with a depth of 125 feet. This is the site of the present church and rectory, which are all modern and new buildings since 1949. On March 11, 1942, the Vincentian Fathers took charge of the parish with the Rev. Michael M. Ries, C.M., as pastor.

Located on the Nueces River, Cotulla parish was dependent on the missionary priests who took care of Pearsall. The territory of the parish comprises all of LaSalle County North of the Nueces River and includes three mission churches located at Los Angeles, Millett and Fowler. To date none of the mission churches are in use.

LaCoste

The town of LaCoste established in 1887, is part of the original grant of land made by the Spanish Government to the native Indians of Mission San Jose. It received its name from Jean B. LaCoste, a wealthy businessman of San Antonio, formerly of France. The early settlers of LaCoste and surrounding communities were mostly German with a scattering of Latin-Americans. They had to go to Castroville each Sunday for mass, often 8 to 15 miles over rough, muddy roads in bad weather, and in horse-drawn vehicles before the advent of automobiles. In 1911 it became a mission of Castroville. The land for the church, school, convent, rectory and cemetery was donated by Emil Zinsmeyer. A church of concrete and brick was built, dedicated by Bishop Shaw to the Blessed Virgin Mary under the title of Our Lady of Grace. Mass was celebrated on Sundays and Feast days by Father Jacob Lenzen, then assistant at Castroville.

LaCoste was established as a parish in January of 1913, with the arrival of the first pastor, Father Joseph Meiser. Macdona is no longer a station of LaCoste where Mass was offered on Sundays.

Somerset

In February 1933, Father Albert V. Mitchell, S.M., of St. Mary's University, San Antonio, was appointed to take charge of St. Patrick's Mission Church, Bexar, two miles west of Somerset. This church was erected in 1892. Later, a new church was built and dedicated on March 4, 1934, and given

the name of St. Mary's. The lots upon which the church stands were donated by Mrs. Virginia Pyron.

On April 16, 1947, St. Mary's Church, Somerset, with its missions at Bexar, and St. John's Mission Church, at Senior, was formally erected as a territorial parish and Father William Lamm, S.M., was appointed pastor. Senior is located 4 miles southeast of Somerset. Bexar and Senior are no longer used as Mission Stations. St. Patrick's was first taken care of from Pearsall, then by the Claretian Fathers from 1906 to 1933.

Devine

St. Joseph's Parish at Devine was founded in September, 1887, by the Rev. Father Matthew Metzinger. Soon afterward a church was built and also a school. A new rectory was also built in 1906 and remodeled in 1948, and in 1973. The first church was a frame building and the present building is of rock and stone. The Immaculate Heart Mission Fathers (C.I.C.M.) are in charge of the present day parish.

The chapel of the Immaculate Conception, first church at Lytle (or Coal Mine), was begun in 1904 and completed in the following year. It was taken care of by the Claretian Fathers of San Antonio, until 1944 when it was taken care of by the Vincentian Fathers and in 1949 it was attached to Devine. The building was real bad, so a new site was chosen, closer to town, a new building put up, and the name was changed to St. Andrew's Church, Lytle. The Mission of Natalia had no church until 1948, when with the help of the Extension Society the present building was erected under the patronage of St. John Bosco.

Dilley

The old records of St. Joseph's Church, go back to 1899, when Father Dumoulin was in charge, and it used to be a mission of Pearsall under the Claretian Fathers, and since 1926 it was taken care of by the Carmelite Fathers. St. Joseph's is the newest parish of the Hondo Deanery, erected in December of 1972. Father Sebastian Valles, O.C.D., is its first pastor, but had a resident priest already since 1947.

St. Mary's Mission was also taken care of by Pearsall, but is now a mission of Dilley. It owes its origin to the Bernard Brown family. It had its beginning in 1900, with Masses in the homes of Brown and Jon Down. The church which was built in 1916 and destroyed by a storm in 1947 has been rebuilt. Because of the watermelon industry around Dilley, there is erected a large concrete watermelon on the city Plaza, describing Dilley as a watermelon center, shipping an average of 50,000,000 lbs. of watermelon a year for the past 5 years.

As a final note many of the mission churches were built with the help of the Extension Society of Chicago.

Facts about Raye Theatre now for sale

My folks reached a point where they had to retire. My time is already full and I have a family I want to enjoy, so I have no time to run the Raye.

I permitted the Raye to be leased on a temporary basis to allow a six month \$5,000 real estate commission to expire. Which means I can sell the Raye

for \$5,000 less than before. We think it a good business and one that can be built up to a better level. What material things the Ray Jennings have come

from the Raye Theatre, no where else. See John H. Jennings. Adv.

Day in - Day out interest is coming to Hondo.

Effective October 1, you will no longer have to go to San Antonio to get dividends paid on your savings from date of deposit to date of withdrawal.

Medina Savings will be the only institution in the County paying 5 1/4% interest daily, with no penalty for early withdrawal.

And at Medina Savings, your money is insured up to \$20,000.00 by the FSLIC, an agency of the federal government. Your money can not be kept in a safer place, anywhere.

So save gas while you save money by keeping your savings close to home.

Catholic groups to meet in D'Hanis Sunday, Sept. 29

The Hondo Deanery Council of Catholic Youth will have its C.Y.O. Rally and meeting Sunday, Sept. 29, at D'Hanis.

Acti ties begin with Benediction at 2 p.m. in Holy Cross Church, followed by a Rally, meeting and social in the Parish Hall. The Rally will have special speakers from the C.Y.O. office, San Antonio, and Mrs. Jerome Feiller Jr. of Floresville.

Mrs. Fleiller is a farm wife, who participates in 4-H work as an adult leader. She will speak on regional sponsored flour bakeoffs and will bring along some samples of her

"Quick Crescent Pecan Pie Bars" which won \$25,000 for her in the National Bake-off last year.

The Hondo Deanery Council of Catholic Women will hold its quarterly meet at the same time Sunday.

Youth Election
Election of new deanery officers will take place at this meeting. The Rev. George Stuebben, pastor of Hondo, will take over as the new youth moderator of the deanery since Father Victor Schmidtinsky has resigned.

Women To Elect
Election of new deanery officers will take place at this meeting. The Rev. Wilfred Passchyn, pastor of St. Joseph's Church, Devine, is the present Deanery Moderator. Miss Aleen Koch, Hondo, is the Hondo Deanery president and will preside at this meeting together with her other officer, Miss Ramona Koch, vice-president; and Mrs. Elmer Bader, secretary treasurer.

DOGS HAVE WEEK ...
Dogs in Hondo will have "their week" September 22 to 28. It has been so declared by Mayor Pro-tem G. E. Pedroza and as can be seen by this picture he had a couple of canines interested in the occasion which is sponsored by the Hondo 4-H Dog Care and Training Club. With the Mayor are, left to right, Valerie Cole,

club mascot, Douglas Cole, Chris Cole and Travis Wernette. The canines interested in the event are, at left, "Fancy Me In Hondo", and "Prissy." Club members will present demonstrations all this week to various youth groups and on Saturday will join in free show to the public from 1 to 5 p.m. at the Wonderland Shopping Center.

Cheerful Chatter

By Pat House

"Ponder the path of thy feet, and let all thy ways be established." Proverbs 4:26

Last Friday was just a spectacular day! Not only did the Owls come up winners against the Devine Warhorses in the last 6 minutes of the game, but the ice cream social at Brown's Convalescent Center was also a successful and fun event! CheerAiders Evelyn Grell, Linda Batot and Grace Brookshire served homemade ice cream to the residents at

the center. Nancy Roeder came over with her guitar and some of our senior citizens joined in a sing-along after the refreshments. The atmosphere was one of gaiety and everyone had a good time.

I want to remind you -- don't bake this weekend -- come to our Bake Sale Saturday, September 28 at 9 a.m. This Bake Sale is sponsored by the CheerAiders Volunteer Group and we'll be at two locations: HEB and Hondo National Bank. We're looking forward to seeing everyone there.

Obituaries

Mrs. Emma L. Hackbeil
Mrs. Emma L. Hackbeil died in Richardson, Texas, on September 15, 1974.

She is survived by one son, Charles E. Hackbeil of Hondo; three grandsons, Steve, Anton and Michael Hackbeil and two great grandchildren, Jonas and Amanda Hackbeil, all of Hondo; and one sister, Mrs. Adel Herzik of Weimer. She was preceded in death by her parents, Anton Nesrsta and Anna Jubicek.

She was a member of the Christian Science 1st Church of San Antonio and had for many years operated a grocery store in Harlandale. She had lived with her son and family in Hondo for 10 years.

Funeral services were held at the Guinn-Horger Funeral Chapel in Hondo on September 18, 1974, at 10 a.m. Mrs. Irene Clementson, of the Christian Science Church read the service. Interment was in the Oakwood Cemetery with Guinn-Horger Funeral Home in charge.

Pallbearers were: Steve, Anton and Michael Hackbeil, Charles Nesrsta, Frank A. Nesrsta Jr. and Robert Faselar.

"THE BEST DEAL IN TEXAS"

You don't need a uniform to be important

Although it takes that running, passing and defense to make the scoreboard light up at a football game, some boys who never wear football gear can still be vitally important to the team.

Such is the case of sophomore Joel Hannemann and junior Alfonso Gueda in Hondo.

The two don't wear uniforms, but the team could not do without them, during the week nor on the field at a game.

Joel is classified as a student trainer and is in his second year. Alfonso is the team manager and is in his third year.

And don't get the idea the job these two do is just a once-a-week thing. They stay at it many hours, in fact, about 40 hours some weeks.

Joel as student trainer under the supervision of

Trainer coach John Zerr is in charge of keeping training supplies and equipment straight and fully stocked. He prepares the break each day, oversees the washing of all equipment and during the game does whatever there is needing to be done. Joel is what Trainer Zerr classifies as "head honcho of the whole managing and training team, varsity, B-Team and Freshmen."

Alfonso is the manager on the field during practices and during a game. He makes sure all the equipment for both is in good order and then does the necessary chores during the game and at practice sessions.

He also helps with the washing, a program which sees every boy on the team have a clean uniform every day of practice. This means late work after each day's practice and some long

hours on Saturdays following Friday night games. Because on Saturday, they

not only wash all equipment, they must put it all out for practice the next

week. These two boys do a tremendous amount of work," Zerr said. "And it's all tremendously important to the team. I'd say some weeks they put in at least 40 hours doing the job and in some way deserve credit for all their dedicated effort."

So this week while watching the Owls play St. Gerards, take a look around the bench and you will see two boys not in uniform working "like Turks" to help the Owls win. That will be Joel and Alfonso.

KEEP IT GOING ... These three work behind the scenes to keep the Owl machine going. Student trainer Joel Hannemann, left, and team Manager Alfonso Gueda flank

Trainer John Zerr. Together the three "keep everything ready for the Owls." [Photo by Tony Mendoza]

AT PAPER BIN... Paula Jones and Patty Seals were on hand the first Saturday of September to unload paper for recycling at the Hondo Junior Garden Club's collecting station at Avenue K and 18th Street. On October 5 the station will be manned by Valerie Douglas and Chris Cole.

"The Spring makes the Difference"

Catholic Mausoleum dedication on October 3

Archbishop Frances J. Furey of San Antonio will dedicate the St. John's Garden Memorial and be the principal concelebrant at the Mass to follow on Thursday, October 3, at 5 p.m. at the St. John's Catholic Cemetery in Hondo.

He will be assisted by the Pastor, Rev. George Stueben and the priests from the Hondo Deanery.

Special guests of honor will be the Parish Board of St. John's, Elton Lutz, Hubert Hermes, Robt. Graff Jr., Everett Vincent, Doroteo Hernandez, Ronnie Ulbrich and Ray Cortez and also all those parishioners who have purchased family crypts in the Garden Memorial. State, County and Local officials will attend and Donald LanClos

Construction Engineer for MGA Mausoleum Corporation of Metairie, La., and Frank Stefka and Cyril Kallus, salesmen for the company will represent the builder, MGA Mausoleum Corporation.

This first of a planned Cemetery Mausoleum facility now provides 156 spaces of which a few are still available. Any parishioner wishing to purchase a family crypt is asked to contact the chairman of the Cemetery Committee, Ronnie Ulbrich for details. The Memorial is constructed of a steel reinforced concrete superstructure finished with granite stone, nature's hardest and most permanent building material.

An endowed trust fund will provide perpetual care to the Memorial and the surrounding grounds.

Owls take on undefeated Royals here Friday

LET'S TAKE THE ROYALS CROWN!

Jennings comments

[Editor's Note: The following is a comment on the Devine-Hondo game from

Nonnie Jennings, who for years has served as announcer for the Owl football games.]

We all saw what Coach Howard has been saying... he has a lot of boys who want to play football.

It appears obvious that the boys do not intend to put out all that work on Monday through Thursday and NOT play on Friday night.

The thing most encouraging -- and it compares with the final two TD thrills -- is to see the competition for positions -- how are you going to keep 'em out of the lineup -- they all want to play.

As examples: David Knowles got his opportunity to QB... and he was cool smooth and effective... then Bobby Rios who had been the QB comes in for the miracle, game-winning TD catch... he'll play. Then Senon Valdivia comes in on the defensive line and plays like a boy possessed... he

was great. As was Garland Bader on defense. And a classic example, Donnie Weynand got the starting linebacker nod over Gary Sturm and played a fine game... but Sturm came in and played a fine ball game, also.

It just looks like everyone is going to play... and if one boy gets beat out of a starting job it may not mean that boy has slipped... it could mean his competition got better... it sure makes for a healthy situation.

Hondo Chapter of Young Farmers are planning a rattlesnake hunt in order to obtain rattlesnake meat for the up-coming Hondo Chamber of Commerce Wild Game dinner which will be held Saturday, December 7.

If Hondo Owl fans think they have seen big, bruising football players in the first three games of the season, just wait until Friday night when the St. Gerard Royals invade Barry Field and when the whistle blows the game into action at 8 p.m. they will be out for their fourth victory of the season.

In the last two weeks they have whipped Del Rio 33-0 and then strapped it on Kerrville 28-0. That spells a potent offense that can rack up 61 points in two games against strong Triple-A (Kerrville) and Four-A (Del Rio) teams.

Play the flip side of the record and it takes a pretty rock-rib defense to hold two teams like Kerrville and Del

Rio against a blank scoring wall.

Last year the Royals hit Barry Field running and passing and playing thieves, intercepting Owl passes and covering Owl fumbles. The final score showed their strength; it was 30-0.

Back to give Hondo more of the same treatment are Quarterback James Kellner, Fullback Ronnie Bachofer, Thad Crawford and David Smith. This backfield rolled up 360 yards against Del Rio and 176 against Kerrville.

Bachofer could be called the powerhouse of the Royal offense. At 196 pounds he is one of the strongest running backs around this area. He is

bruising and shakes off tacklers like they were flies.

Kellner can pass and in some games throws a lot. He completed enough against Kerrville to rack up 199 yards.

The Royals will dazzle with their offense. They will run from many formations. And on defense they just rear up and cram the ball down the opponents' throat.

Coach Dave Howard and his Owls should be a fired-up team this week. The adrenalin should still be high from the win over their old rival Devine.

Coach Howard will probably show Owl fans a few changes on both offense and defense with David Knowles likely to get the starting nod at quarterback

after his showing against the Warhorses.

But the coaches and the players know they must give their best to decrown the Royals, and they will be giving "it all" on Friday night.

This will mark the last home game until October 25 when the Randolph Ro-Hawks, former bi-district rivals but now bosom buddies in District 27-AA, challenge the Owls on their home grounds.

CLASSIFIED CONT'D.

OF THANKS

I wish to express my sincere thanks to my family, relatives and friends for their visits, flowers, gifts and cards. Thanks to Rev. Schroeder for his visits and prayers, during my stay in the hospital and while recuperating at home. May God bless you all for your love and kindness.

Cowboys slam St. Gerard; await old nemesis Comfort

to avenge a 32-0 drubbing they absorbed from the Class A powerhouse last year.

In romping over the St. Gerards junior varsity Jerry Lopez scored on an 8-yard run and the kick failed. Ronnie Rothe added a TD on a 25-yard scamper

and then ran the two extra points.

Doug Kempf intercepted a pass and ran it back 30 yards for a tally and the kick failed. Rothe wound up the scoring with a four yard plunge and Leroy Reyes kicked the extra point.

Trails Ride

If the 12th annual Medina County Riders Benefit Trail Ride, October 4, 5 and 6, can be as successful as the previous 11 were, the Medina County Association for Exceptional Children will again reap great benefits.

Last year the trail riders raised \$3,064.01 for the MCAEC fund and over the past 11 years have helped this worthy cause by more than \$26,000.

Rodney Mangold will again head the group as trail boss. And he gives the following schedule for the annual event:

Friday, October 4 -- Assemble at Las Palmas Gardens on Interstate 35 one mile east of Lytle. Sign up at 5 p.m. and dance at 8 p.m. Larry Garnand and His Texas Travelers will provide the music. The public is invited for a 99 cent donation.

Saturday, October 5 -- Leave at 9 a.m. and arrive at Triangle Grocery in Pearson at 12 noon for lunch. Arrive at Koenig Park, Castroville at 4:30 p.m. Enjoy a Mexican Supper donated by American Legion Post 460, public invited at \$1.50. Dance to the music of The Rambling Men, public invited for a 99 cent donation.

Sunday, October 6 -- Leave 8:30 a.m. and arrive at American Legion Hall in Hondo. Enjoy a noon meal courtesy of Hal Jones American Legion Post 128.

Donations for the drive participants are \$7.50 adults and \$2.50 for children under 12 years old. Anyone interested in further information may call Barbara Tally at 426-2937 or Babe Gilliam at 538-2292 or 538-2893.

Snake hunt planned

Any interested person knowing the whereabouts of a rattlesnake den or a large number of snakes is asked to contact William Mund at 426-3670 or Larry Oefinger at 426-2071.

How to get the most energy from the famous blue flame.

The famous blue flame has, for many years, been the symbol of clean, efficient natural gas service.

As a consumer, you can help conserve natural gas by using it wisely and efficiently.

For one thing, you make the most efficient use of natural gas when you use gas appliances to cook your food, dry your clothes, heat your home, and heat your water. You see, gas appliances make direct use of the energy in natural gas. In fact, gas comes into your home with 93% of its original energy intact.

On the other hand, electricity, an artificial energy, must be produced from natural energy, and in this part of the country that energy is usually natural gas. When natural gas is used to generate electricity, more than two-thirds of the potential energy in gas is lost in the

process of power generation and transmission. So, whether you use gas appliances or electric appliances, you're consuming natural energy. The important difference is that a gas appliance makes the most of its energy.

With us working together to use gas most efficiently, the famous blue flame can continue providing natural gas energy for generations to come.

ENTEX
The new name for United Gas.

'Never say die when a miracle can do', is Hondo Owl motto now

Hondo's "never say - calf rope" Owls broke an old habit Friday night in the most dramatic way possible, by a long, hotly contested pass that scored the winning points with only three seconds left on the clock. It gave them a 22-17 victory over arch rival Devine.

Two times before Friday, the Owls played and two times came out one point behind. And Friday with only 31 seconds to go and a yawning expanse of real estate between them and paydirt, it looked like they would lose by two points, 17-15.

Devine led 17-15 and had the ball after an interception and with a little over a minute to go. They ran four plays and gave up the ball on the Hondo 27 yard line, with only 31 seconds left to play in the game.

David Knowles, who had taken over the quarterback spot early in the game, fired a sideline pass to Dwayne McCartney who stepped out of bounds on the Owls' 38 yard line.

This left 15 seconds

remaining on the clock and a lot of ground ahead.

Knowles called a pass to end David Christopher who was to cross over from his end position. The ball was like a bullet to about the 35 or 40-yard line on Devine's side of the field. Just before David caught the ball a Warhorse hit him and the ball squirted out of his hands. Tipped by a Devine player it hit at least three players, floated around and then settled into the hands of Bobby Rios who romped the remaining distance to the goal line for the winning touchdown.

Alex Mendoza's extra point kick was not needed but it was good anyway.

The miracle dramatics stunned those of a full stadium who had stayed around to see the final minute. And those who left early couldn't believe their Owls, who had lost four fumbles and had three passes intercepted during the battle, had pulled this one out of the fire.

The groundwork for the final explosion was laid in the second quarter, when

Hondo put together a 61-yard drive that lit the scoreboard with the first touchdown of the game.

Hondo's tough defense, which stopped the Warhorse ground attack cold, held Devine on fourth down on the Owl 39-yard line. Knowles pulled a quarterback sneak good for three or four and then pitched out to fullback Tony Hackbeil who rumbled to the 50. Paul Pope took a flareout pass from Knowles and went to the 37 and then carried on the next play to the 29 where the Owls had fourth down and one yard to go.

Too much time brought on an Owl penalty and Knowles promptly passed to McCartney who carried to the three. From there it was Pope around right end for the touchdown with 7:34 left in the second stanza. Mendoza's kick was true.

Later in the quarter Hondo had the ball on their own 27 and drew a five-yard penalty for delay of the game. Coming off that play, Knowles fired a pass to tight end Mike Groff who made an outstanding catch and run for good yardage past the 50-yard line. But a holding call brought on a 15-yard penalty which nullified the play and possibly another TD.

After that the Owls were forced to punt and Abel Martinez grabbed Pope's punt on his own 47 and carried to the Owl 37. Quarterback Jody Bassett hit end Ronnie Martinez for 17 yards to the 20. Bassett

was thrown for a loss to the 26 and next Donnie Weynand knocked down a pass. On third down and good yardage, fullback Homer Hernandez came out of the backfield and crossed over the middle behind Owl defenders and caught a pass in the end zone. The kick was good and the halftime score read 7-7.

Third quarter action saw a while including a Hondo fumble recovered by Devine and a Warhorse pass intercepted by Pope on the Owls' six yard line.

Some good defensive work was turned in during the next few minutes with Sinon Valdilles, Garland Bader, Gary Sturm, Donnie Weynand and George Lora leading the charge.

Following a Devine Punt, Pope bobbled a pitchout from Knowles and Ronnie Martinez pounced on the loose ball on the 15 yard line. On the next play Weynand chased Bassett to the 25 and hit him hard. Next came an incomplete pass and Devine was faced with a fourth down.

Bassett didn't hesitate. He heaved a pass to Martinez again in the end zone and with the kick the Warhorses went ahead 14-7.

Devine scored again with 6:24 left in the fourth quarter with Hernandez kicking a 30 yard field goal.

Two exchanges later Hondo, behind the running of Hackbeil and pass catching of Pope, got to the 20 yard line where Knowles heaved a pass to Groff who juggled the ball for an agonizing second before

hauling it in for a touchdown. Knowles pass to McCartney for the two points brought the scoreboard to the 17-15 total that chilled Hondo fans, since only 3:17 minutes were left in the game.

After that it was back and forth until the final hectic moments when Devine failed to kill enough time on the clock on four downs and gave the ball over to Hondo with those short 31 seconds and long yardage to go.

With the exception of lapses where Devine's aerials caught them unprepared, the Owls turned in a terrific defensive game. They actually held the Warhorses to only four yards on the ground.

Statistics for the game read (with Hondo first): First downs, 11-7; yards rushing, 56-4; yards passing, 172-127; passes 10-20-3, 7-11-1; fumbles lost, 4-3; penalties, 40-30; punts, 6-30, 9-37.

Younger Owls to Devine

Devine Freshmen and B-Team footballers have an opportunity tonight (Thursday) to get revenge on Hondo.

Owl Freshmen and B-Teamers travel to Warhorse City today to take on the two younger sets of the Devine stable.

The Freshmen game will begin at 6 p.m. with the B-Team tilt following immediately thereafter.

HOW THEY FARED

St. Gerards 28 - Kerrville 0

The Royals warmed up for their battle with Hondo this week by winning their third straight victory. Ronnie Bachofer, a bruising fullback scored one TD and gained 92 yards. Fast Thad Crawford scored twice and caught a 2-point conversion. David Smith scored the other Royal TD. St. Gerard rushed for 176 yards and passed for 199.

Randolph 24 - Westlake 6

The Ro-Hawks finally cranked up a scoring machine to score some points. Gerry Buchanan threw three touchdown

passes of 25, 26, 20 yards.

Rick Cook caught two TD passes and a two pointer. Jim Shrank caught the other scoring pass and Buchanan threw 2-pointers to his twin brother Glenn and Steve Peacock. The Ro-Hawks rushed for 209 yards and passed for 118.

Pearsall 7 - Pleasanton 6

Quarterback Pat McGehee swept end for the one Maverick touchdown and Eric Taylor kicked the extra point. Pearsall rushed for 212 yards and passed for 39.

Bandera 16 - Sabinal 6

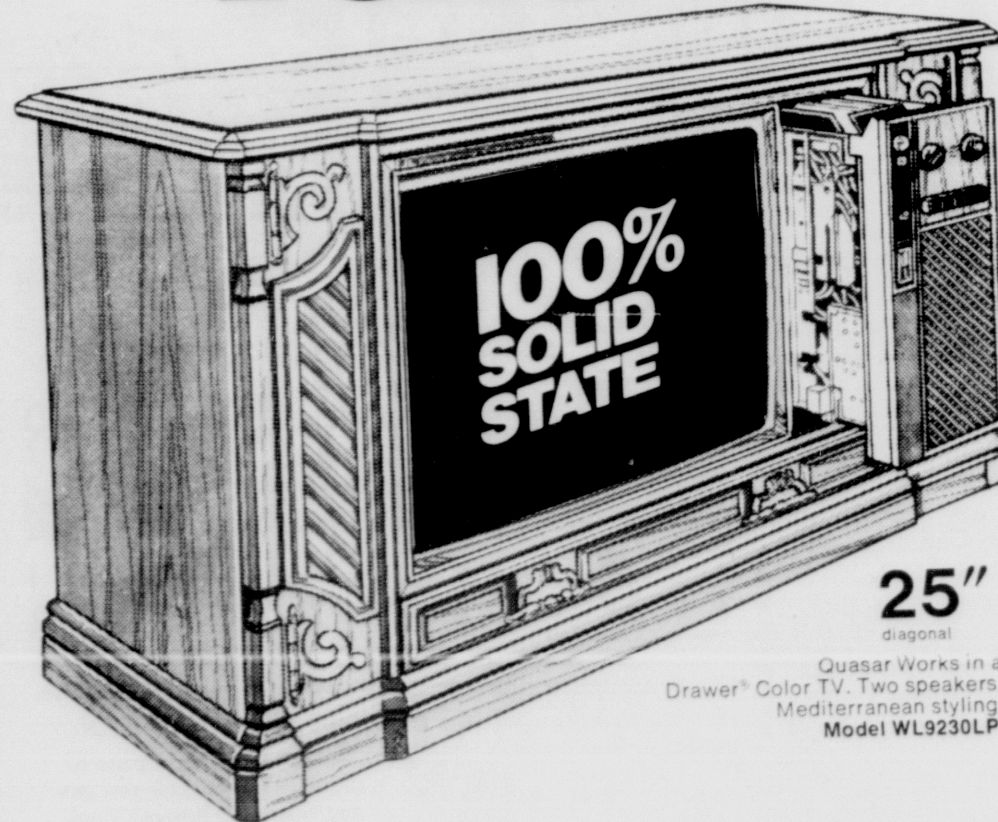

Jeff Hern scored two touchdowns, one on a 48-yard scamper and another on a one-yard run. Tom Hay kicked an extra point and a 20-yard field goal.

3RD IN STATE

The D'Hanis Cowboys, long a power in the Class B state football ranks, are listed third in their class this week by the Associated Press.

HEB BEST WAYS TO CUT FOOD COST
BEST WAY NO. 2
"BEFORE YOU SHOP"

Check newspaper ads, usually appearing on Thursday or Friday, to see which foods are on sale. Plan to buy only the amount you need in order to avoid unwanted leftovers.

Reduce the amount of low-nutrition, high-calorie foods on your shopping list. To avoid waste, make a note of the foods your family likes and those they leave uneaten.

September 27 is the day your Ford Dealer introduces his new 1975 Fords, including the new Granada.

Automobiles built to back a challenge:

The Closer You Look, The Better We Look.

Ford honestly believes this is the finest, fullest range of automobiles we have ever offered.

And here are the facts—facts on quality, innovation and value—to back up that belief.

Granada Ghia 4-Door Sedan. Shown with optional deluxe bumper group.

Pinto 3-Door Runabout shown with optional WSW tires, deluxe bumper group and exterior decor group.

Pinto: Still a leader in basic transportation.

Check out Pinto's price for 1975. It's very competitive. Check out Pinto's gas mileage. It's great. Then when you discover how well-made it is (see column at right), you understand why Pinto remains a leader.

Lots of room, too. Open up a Pinto 3-Door Runabout and you'll find a surprising amount of luggage space. Sit inside a Pinto and you'll enjoy the design efficiency that makes for real riding comfort.

Important features. Pinto is the only American-made subcompact from a major manufacturer to offer rack-and-pinion steering for precision handling. Pinto has a 4-speed trans-

mission standard, not a 3-speed. And a 2.3 Liter engine. New this year is an optional 2.8 Liter V-6 engine on the Runabout and Wagon models. You can even order power steering and power front disc brakes on all models.

With three kinds of Pintos to choose from—2-Door, 3-Door, and Wagon—is it any wonder Pinto's outsold every other subcompact in America since its introduction.

**Pinto, like all
Ford cars—well made
at any price.**

The Pinto is built up to Ford standards not down to a price. Because a small car has to offer the same thing as a big car . . . value for the money. Here are some of the common features:

1. **Big Car Safety Features.** All Ford Life-guard Design Safety Features in an LTD are found in the Pinto.
2. **Solid state ignition.** For less routine scheduled maintenance.
3. **Full immersion electrocoat body primer.** Electrical attraction forces rust-proofing primer into nooks and crannies of the Pinto body.
4. **Long scheduled maintenance intervals.** Pinto's long intervals between service help make it economical to own.
5. **Self-adjusting front disc/rear drum brakes.** Pinto's disc brakes that resist heat and moisture are combined with long-wearing drum brakes for good stopping power.
6. **Rubber-insulated suspension components.** Road noise and vibration are greatly reduced with Pinto's front and rear rubber-insulated suspension system.
7. **Steel-belted radial tires.** They give excellent tread life and also help gas mileage.
8. **Six-step electrostatic paint process.** Anti-corrosion bonding coat, two coats of rust-resistant primer and three of acrylic enamel are applied to the steel body shell by an electrostatic process for a tough, beautiful finish.
9. **Double-wrapped aluminized muffler.** Saves money on the service life with a muffler that resists corrosion.
10. **Corrosion-protected under body parts.** Galvanized sheet steel and zinc-rich primer protect vital areas.

You haven't seen anything yet.

We can't show you everything here. There's just too much to see. In value. In features. In exciting new models. Both cars and trucks, too. So go to your Ford Dealer. Above all, get set to look close.

How to look close at pickups

Ask your Ford Dealer for this new free book. It covers

tips on how to check pickup quality, durability, operating economies, resale value, and more.

Everyone says compare. Ford tells you how. When you're about to buy a new car or truck, you'll probably look around for the model that you feel will give you outstanding quality and value. How can you be sure what you look at measures up?

To help you decide, Ford asked its technical experts for suggestions on what to look for in judging any size car or pickup. Their helpful tips have been compiled in two books available free at your Ford Dealer's.

"The Closer You Look Books" cover tips on how and where to look for quality and value. For example—how to look for extra precautions taken to ensure durability—like care-

ful workmanship and the quality of materials used. Body fit and finish. How well the interiors are tailored. How easily windows work. Small details, but all together they tell the story of quality and value.

Now that you've had a brief look at the well-made '75 Fords—Thunderbird, LTD Landau, Elite, Torino, Ford's new Granada, Mustang II, Maverick, and Pinto—you can recognize some of the innovations that are a hallmark of Ford. But we urge you to take an even closer look—to see, drive and experience our new cars for yourself. If we're right about them, you won't be disappointed.

THE CLOSER YOU LOOK BOOK 1975

Everyone says compare
Ford tells you how—

Tips on how and where
to look for quality and value
in a new automobile.

Ask for it. It's FREE.

Your local Ford Dealer invites you to see all the new 1975 Fords now.

Granada 4-Door Sedan shown with optional bodyside accent molding, WSW tires and deluxe bumper group.

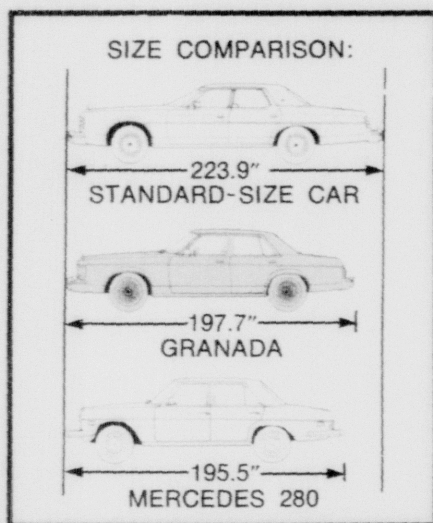

Introducing a new car designed to give you efficient use of space, fuel and money. Ford Granada: 14-18 mpg city, 18-26 mpg highway.*

The design:

Ford Granada is designed to help deal with such problems as crowded roads, increased fuel costs and maintenance. Granada is about two feet shorter and a half ton lighter than most standard-size cars. So you can expect excellent gas mileage. Yet there's family-size room inside.

Granada was designed to be functional. It has a generous glass area that doesn't slant or curve severely so visibility is good all around.

Granada's high roofline provides excellent front and rear headroom. The squared-off tail houses a roomy luggage space that can hold eight assorted pieces of luggage.

The economics:

A *luxurious* car today has to earn its keep. Granada doesn't back away from that fact. Its trim design helps reduce needless weight and excessive fuel consumption.

It comes with gas-saving, steel-belted radial ply tires that deliver excellent tread wear.

Granada's base engine is a 200 CID† Six that's economical and easy to maintain. Along with the optional Six (250 CID) and V-8's (302 and 351 CID), it's precisely balanced to resist the vibrations that can cause engine wear. All Granadas feature solid state ignition for less scheduled maintenance than former systems.

†200 CID not available in California.

*HOW MANY MILES PER GALLON

Based on results of tests conducted by the U.S. Environmental Protection Agency (as of 8/9/74) using a dynamometer to simulate city and highway driving conditions, on this type of car equipped with a 250 1V engine and frequently purchased options. Your gas mileage will depend on the type of driving and driving habits, maintenance, road and weather conditions and how your car is equipped. For example, a larger engine or power-assisted options like air conditioning (in constant use) or power steering can reduce your gas mileage somewhat.

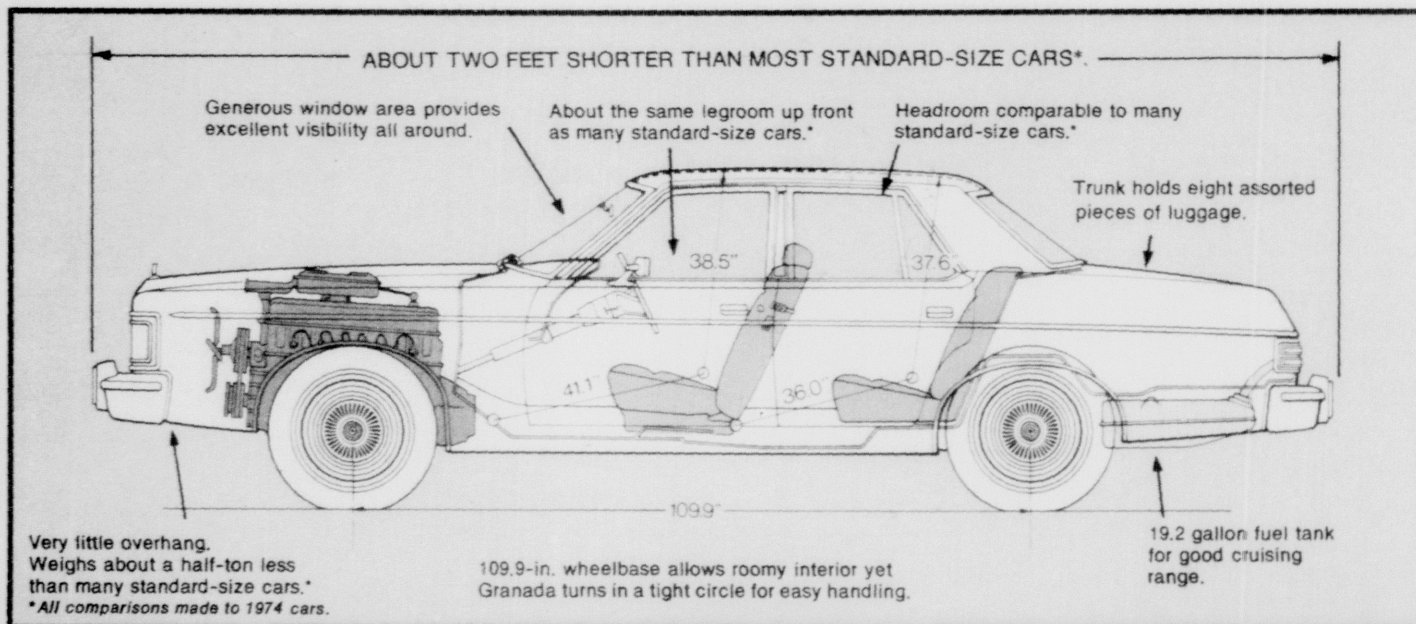

FORD GRANADA—WHAT YOU GET

In addition to standard equipment noted at left, Granada comes with

- Front disc brakes
- Individual reclining seats
- Deep cut-pile nylon carpeting
- Burl walnut tone instrument panel
- Full wheel covers.

And Granada Ghia offers even more standard features and appointments

- 250 CID Six engine
- Odense grain vinyl roof and matching bodyside molding
- WSW steel-belted radials
- Deluxe wheel covers
- Remote control mirror
- Deluxe sound and ride package
- Deluxe interior with super-soft vinyl seats
- Map pockets
- Assist straps
- 22 oz. cut-pile carpeting
- Deluxe door panels
- Quartz crystal digital clock
- Luxury steering wheel, and more.

...and at three price levels.

Elite shown with optional WSW tires, deluxe bumper group, power-operated glass Moonroof, interior decor group, and deep dish aluminum wheels.

Ford Elite for 1975:
The tradition of Thunderbird
in a mid-size car.

This mid-size is unique because Elite combines the economies of mid-size with classic styling and luxury in the Thunderbird tradition.

And in the Thunderbird tradition of value, Elite comes to you complete. Vinyl roof. Protective bodyside molding. With driving conveniences standard too: Power steering, power front disc brakes, SelectShift transmission, and steel-belted radial tires. Even an electric clock. Elite also comes with Thunderbird-inspired options such as

a power-operated glass Moonroof. A luxury upholstered split bench seat and 22 oz. shag carpeting.

But with Elite it is luxury designed for the times. Along with mid-size operating economy, Ford Elite offers a 26½ gallon gas tank that gives you a cruising range you can rely on—even on long highway trips.

Personal luxury mid-size for 1975. Built by the same company that built Thunderbird. And built for the way you drive today.

Thunderbird shown with optional Copper Luxury Group, convenience group and power antenna.

The 1975 Thunderbird:
Could it be the best
luxury car buy
in America?

Owning a Thunderbird is something very, very special. Yet most of Thunderbird's "luxuries" actually come standard. Air conditioning, steel belted whitewalls, and a whole lot more. Thunderbird 1975. Simply beautiful. And a beautiful buy.

The comforts:

Granada offers a lot of pure driving pleasure. A closer look shows that this car was thoughtfully planned for passenger riding comfort and durable

good taste. Both contoured front seats recline and adjust in more than one hundred positions for your individual comfort. (A feature you'll especially appreciate on long trips.)

The instrument panel, with its handsome burled walnut woodtone

applique, is recessed to add to front passenger comfort. Controls are within easy reach. The plush nylon cut-pile carpeting is molded for smoothness and is stain resistant.

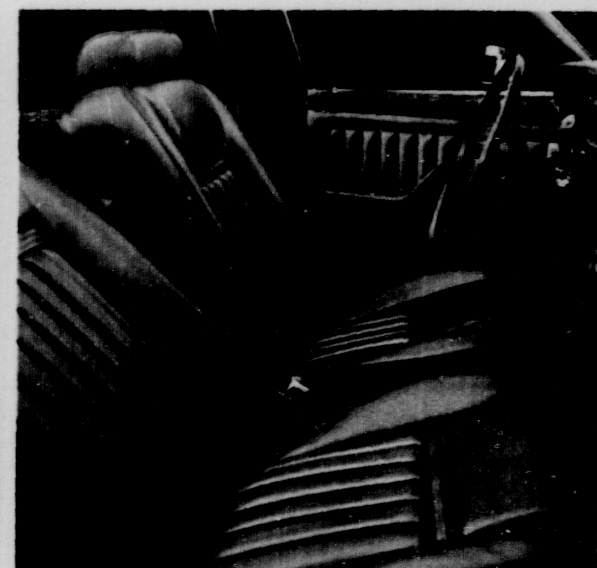

There's weatherseal around doors and windows to cut wind noise.

Granada's tuned suspension, tight body construction and sophisticated use of insulation result in a smooth, quiet ride.

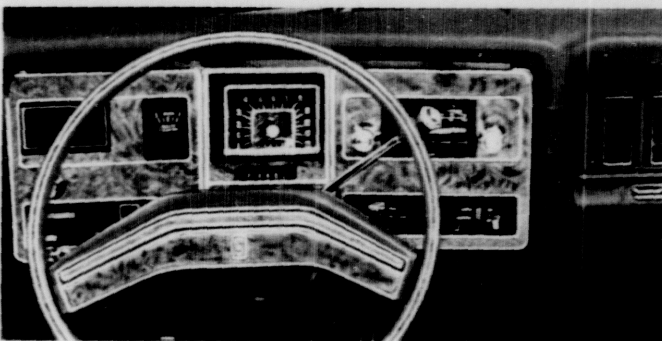

For added elegance there is the quiet luxury of the Granada Ghia in both 2- and 4-door models.

Granada Ghia 2-Door Sedan gives you a remarkably roomy interior and a wide door for easy entry. Shown with optional deluxe bumper group.

Granada Ghia. Rich look, spacious feel, full-scale comfort.

Ghia control panel is elegant, easy to read.

Ghia touches: map pockets, assist straps.

Ford's lowest-priced Granada comes with opera window. Spacious interior. Options shown: deluxe bumper group, WSW tires, bodyside accent molding.

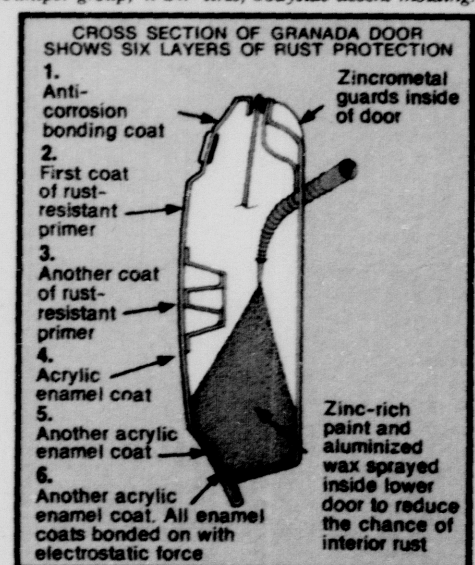

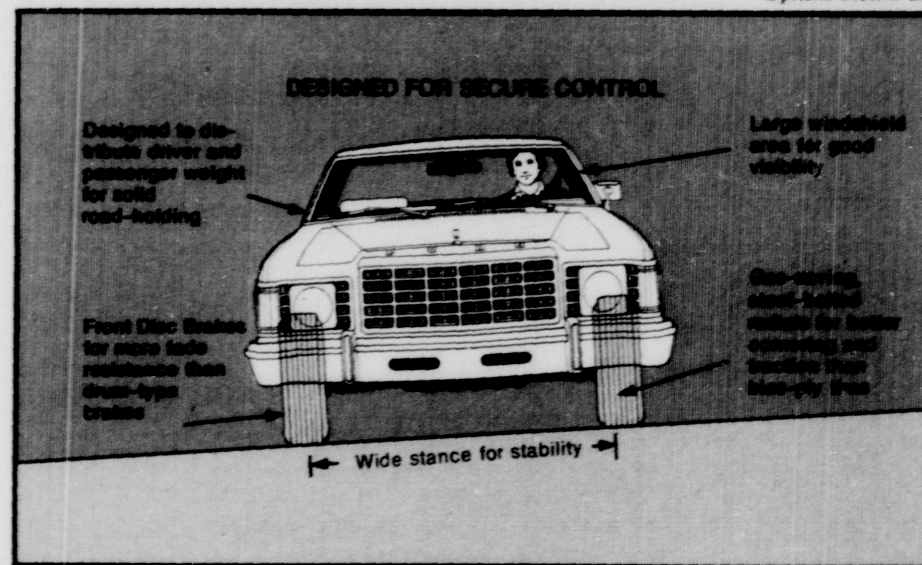

The construction:

Granada is put together to stay together. Precision machinery holds body parts in tight alignment as they are welded into a solid unit. In a separate process, the body panels are treated to help minimize vibration.

To help protect against rust, Granada's body is covered with 13 pounds of primers and chip-resistant baked enamel.

Every Granada is subjected to hundreds of inspections while it's being built so that every Granada owner will have a car with the same high level of quality.

The feeling inside Granada is solid and secure; it hugs the road. It has about the weight of a Mercedes 280.

EVERYONE SAYS COMPARE FORD TELLS YOU HOW.

Tips on how and where to look for quality and value in a new automobile.

Sheetmetal: Notice the quality of the body work. Make sure that large sheetmetal areas are not wavy. They should look smooth and taut.

Paint: A good paint job helps make a quality automobile. Be sure there are no "runs," and be sure that the texture of the paint is not rough or grainy. The color should be uniform, with all surfaces having a high gloss and luster.

Body seams: Where two panels join, make sure that the seam is even and narrow. Adjoining surfaces of metal panels should be uniform.

Vinyl top: There should be a tight fit free of ripples over the entire surface. Seams must be straight, the metal trim snug and there should be no sealer or untrimmed edges showing.

Trim: Check bright-finished areas such as bumpers and door handles closely. Surfaces should be free from discoloration. Look for a tight, even fit around windshield and windows, with no gaping joints. Exterior moldings should fit snugly and align properly.

Carpeting: It should fit snugly around seat bases, door sills, and floor tunnel. It should lie flat with no unsightly bulges and it should be thick and color-coordinated.

Instrument panel: All segments of the panel should fit precisely. Instruments must be easily readable and should be illuminated. Controls must be reachable and easy to operate. The steering column and wheel should be color-coordinated.

Windows: Raise and lower all windows to check that they move smoothly. Check for even fit all

around, and full contact with weather stripping when windows are closed.

Doors: The opening line between a door and the body should be narrow and even for its full length. Door should latch firmly with a solid "slam." A handle should not feel loose to your touch nor contain rough edges. Interior door paneling should harmonize with the seat trim, and have "scuff" protection along its bottom edge.

Your Ford Dealer invites you to see and learn all about the new Fords on his Video Network.

Personal luxury in 3 sizes...

Mustang II Ghia 2-Door Hardtop shown with optional V-8 engine and bumper guards.

Mustang II: The sporty personal luxury car...now with a V-8 engine.

The success car of '74 is doing it again.

In its first full year Mustang II was a new idea that ran away from all its so-called competition.

Now for '75 we've made Mustang II even more exciting with a new

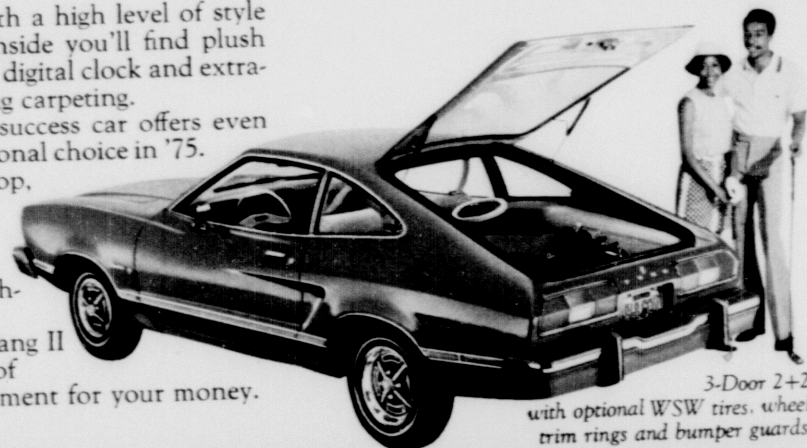

optional 302 V-8 and a 2.8 Liter V-6. And to the impressive list of standard features, we've added improvements: gas-saving, steel-belted radial ply tires, and solid state ignition for less scheduled maintenance. Other standard features include bucket seats, 4-speed transmission, front disc brakes, a gas-sipping 2.3 Liter 4-cylinder engine, rack-and-pinion steering.

For '75, the luxurious Mustang II Ghia sports exciting new styling changes. From its distinctive new grille and opera windows to the classic vinyl roof, Mustang II Ghia is

a small car with a high level of style and luxury. Inside you'll find plush bucket seats, a digital clock and extra-thick deep shag carpeting.

Last year's success car offers even more of a personal choice in '75.

2-Door Hardtop, 2-Door Ghia, 3-Door 2+2, and a sporty Mach 1. Which ever one you choose, Mustang II offers plenty of driving excitement for your money.

3-Door 2+2 with optional WSW tires, wheel trim rings and bumper guards.

Mustang II Silver Ghia features Cranberry crushed velour seating. Shown with optional Moonroof, cast spoke aluminum wheels, convenience group, bumper guards, V-8 engine and Silver Luxury Group.

Ford introduces two new luxurious standard-size cars...

LTD Landau 4-Door Pillared Hardtop shown with optional Landau Luxury Group (see interior below) and fender skirts.

Ford LTD Landau: A logical alternative to longer, heavier, more expensive luxury cars.

Compare the workmanship in LTD Landau as well as its size, comfort and luxury, to much more expensive luxury cars. The main thing you don't get is hundreds of pounds of extra weight and almost a foot of extra length (compared to longer, heavier, costlier cars).

Yet you have the security of a solid full-size, well-made automobile.

The LTD Landau has all standard equipment featured in the LTD (see right). And in addition, special features and appointments of its own that make the Landau so distinctive. Compare them with more expensive cars:

- Hidden headlamps for distinctive styling
- Color-keyed vinyl bodyside moldings
- Front cornering lamps
- Flight bench seat with center armrest
- Lush knit cloth and vinyl trim
- Vinyl roof
- Electric trunk lid release
- Right- and left-hand remote control mirrors
- Automatic seat back release (2-Door).

Ford LTD: Traditional LTD Quality. Value priced.

"LTD Quality" is synonymous with a well-made, comfortable full-size car. And for 1975, LTD comes to you as the lowest-priced car in the line with a high level of quality.

Consider LTD's reputation for quiet ride. Consider its resale value. Consider that it comes with steel-belted radials and solid state ignition.

Consider the peace of mind you get from its solid construction. Designed and priced as it is, we think it offers a new level of value in a standard-size car.

What you get for your money: An impressive list of standard features and appointments.

For basic value

- SelectShift Cruise-O-Matic transmission
- 351 V-8 engine
- Power steering
- Power front disc brakes
- Vinyl insert bodyside moldings.

For economy and low maintenance

- Solid state ignition
- Steel-belted radials.

For luxury details that make an LTD an LTD

- Brocade cloth upholstery trim
- Color-keyed cut-pile carpeting.

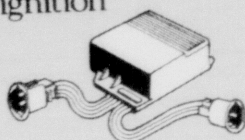

LTD 2-Door Pillared Hardtop shown with optional WSW tires, vinyl roof, full wheel covers, deluxe bumper group, front cornering lamps, paint stripes and convenience group. Note distinctive center-pillar window. An even higher level of luxury can be found in the popular LTD Brougham 2- and 4-Door models.

INSIDE STORY:

Ford shows you
hidden value you
can't see for yourself.

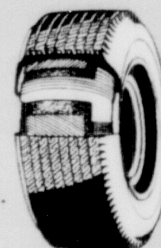

1. Solid state ignition

On all Ford car engines for 1975. It eliminates points and condenser for less scheduled maintenance.

2. Steel-belted radial ply tires

Reduced rolling friction for better gas mileage. Excellent tread wear. Standard on all Ford cars for 1975.

300000

3. Long intervals between routine service stops

... can save you maintenance. All Ford cars, for example, are scheduled for oil changes just once every 5,000 miles and chassis lube every 30,000 miles.

...and other family transportation values.

Torino: Six-passenger comfort in a solid mid-size car.

We put six seat belts in the Torino because it seats six people comfortably.

Torino gives you full-size passenger space with plenty of room for knees, heads and hips. Yet you have easy handling and mid-size economy.

Torino has the solid construction and the remarkably smooth, quiet

ride that makes it such a good mid-size value. Plus a higher level of standard equipment than ever offered before on our mid-size car: 351 V-8 engine, Power Steering, Power Front Disc Brakes, Select-Shift transmission, Steel-Belted Radials. Even Solid State Ignition.

Miles and miles on one tank of gas. With a big 26½ gallon fuel tank, Torino has an impressive cruising range. So for comfort and confidence on the road with mid-size operating economy, take a good look at the '75 Torino, Gran Torino, Gran Torino Brougham and Gran Torino Sport.

Gran Torino 4-Door
Pillared Hardtop with optional WSW
tires, deluxe bumper group, deluxe
wheel covers.

Maverick: The proven family compact.

The one that sets the standards. Maverick—a choice of over 1,400,000 owners. Designed to be a practical car, easy to service, handle, and park. Yet very stingy on its diet of gas thanks to a standard 200 CID Six* and 3-speed manual transmission. And despite the emphasis

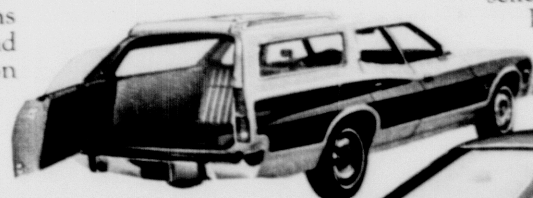

Maverick 4-Door Sedan shown with
Luxury Decor Option.

on economy, Maverick has the luxury you'd expect in a car costing much more. If pressed to pick one word that best describes Maverick we'd choose "value." And maybe that's why Maverick has been the best selling 4-Door compact in America.

Three sizes from the Wagonmaster:

In all three sizes the big plus is the efficient and flexible use of cargo and passenger space. The best-selling compact Pinto Wagon carries four pas-

sengers comfortably, or with back seat folded down has almost 60 cu. ft. for cargo. All three Torino Wagons offer the economy of mid-size and 85 cu. ft. for cargo. The LTD Wagon has 94.6 cu. ft. of cargo space. And with the rear seat option both LTD and Torino Wagons can carry eight passengers.

But it is wagon conveniences that have helped make Ford Wagons best sellers, like the 3-way doorgate on both LTD and Torino Wagons. Cargo space that converts to passenger space in seconds. The optional recreation table in the LTD

is designed with children in mind. Whatever your wants or needs, Ford has the Wagon and the features to match. No wonder we say, The Closer You Look, The Better We Look.

Left: LTD Country Square with optional Landau Luxury Group, deluxe wheel covers, WSW tires and luggage rack.

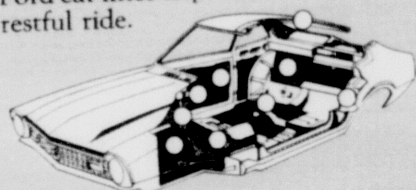

Center: Pinto Wagon with Square Option, optional WSW tires, luggage rack and deluxe bumper group.

Above: Gran Torino Square with optional rear-facing 3rd seat, WSW tires, luggage rack and deluxe bumper group.

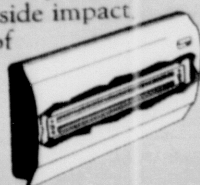

4. Nine-point Insulation Package

At least nine different locations of insulation materials are used in all Ford car lines to promote a quiet, restful ride.

5. Side door beams

Located in the doors and designed for added protection in the event of side impact collision. One of Ford Motor Company Lifeguard Design Safety Features found on all Ford-built cars.

6. Six-step paint process

Anti-corrosion bonding coat, two coats of epoxy primer and three coats of acrylic enamel for lustrous, durable, corrosion-resistant finish.

Something else you can't see.

Ford's unique Customer Service Division that stands behind any car you buy. Its job is to work with you and the dealer to keep you happy with your Ford for as long as you own it.

For the address of the nearest Ford Customer Service Division office or for dealer assistance while traveling, call toll-free 800-648-4848. In Nevada, 1-800-992-5777; In Alaska, Zenith 8700; In Hawaii, Enterprise 8099.

BARGAINS!

WE ABSOLUTELY ARE NOT QUITTING BUSINESS EVEN THO YOU WOULD THINK SO... AT SUCH SACRIFICE PRICES!

**IMPORTANT NEWS!
FOR YOUR CONVENIENCE**

This sale is being held in its entirety by the management and for your shopping convenience, we show a comparison price. The comparison price shown is what we believe to be the normal retail price of these goods in this area - and since we are a discount operation, are not necessarily the price we have been charging for said goods! We invite Comparison! ALL ADV. ITEMS SUBJECT TO PRIOR SALE!
